

Year 1 First Tutorial

Now you are about half way through your first year here, what are your impressions?

Do you still feel the same motivation to follow the Vets course you are on?

Do you like living here?

Were your initial concerns justified, or have they disappeared?

Do you have new worries or concerns? - about your work, your social life, or anything else?

Consider all your prior work experience and anything you believe relevant to the course. What are your strengths and weaknesses?

You have now completed the preparation for your Year 1 Semester 1 Tutorial. When you are happy with what you have written, you should then email this document to your PDP tutor.
