

# Year 2 First Tutorial

Following your summer vacation you are required to prepare for your first tutorial with your PDP tutor. The first record you are asked to prepare is your account of how you feel as you begin your second year at Liverpool studying the Vets course and what plans you have for this year. It is a point of reference for you to return to from time to time during your programme, so you should complete it as soon as possible and save it to your M drive.

At least a week before your PDP tutorial you must email this document to your tutor.

*Do you still think that you have chosen the right course?*

*Do you like living in Liverpool?*

*Is University life what you expected?*

*What concerns do you have (if any)?*

Consider course, financial and personal issues.

## **Reflect on year 1**

Consider your progress and achievements during year 1. Have you gained the most from your PCEMS experiences so far?

## **Action Plan for Year 2**

Think about whether you can gain more from your PCEMS experiences and how you could do this. Do you need to improve your academic performance this year? Are there any other changes/actions you will take this year? Download and complete your action plan and send both documents to your tutor.
