

Year 2 Second Tutorial

Following your Easter vacation you are required to prepare for your second tutorial with your PDP tutor. This allows you to reflect on the year so far and make plans for your third year at Liverpool studying the Vets course. It is a point of reference for you to return to from time to time during your programme, so you should complete it as soon as possible after Easter.

Reflect on year 2 so far

Consider your academic progress, achievements and setbacks during your second year.

Have you gained the most from your PCEMS experiences so far?

What has been the feedback you have received from placements?

Action Plan for Year 3

Download and complete your action plan. Think about whether you can gain more from your PCEMS experiences and how you could do this. Do you need to improve your academic performance next year? Are there any other changes/actions you will take next year?

Email both documents to your tutor.
