

Year 3 First Tutorial

Following your summer vacation you are required to prepare for your first tutorial with your PDP tutor. The first record you are asked to prepare is your account of how you feel as you begin your third year at Liverpool studying the Vets course and what plans you have for this year. It is a point of reference for you to return to from time to time during your programme, so you should complete it as soon as possible and save it to your M drive.

At least a week before your PDP tutorial you must email this document to your tutor.

Do you still think that you have chosen the right course?

What project have you chosen to undertake and why?
