

## 1<sup>st</sup> year semester 1 tutorial

These questions are designed to get you thinking about the course you have chosen.

There are no right and wrong answers. You will be asked to review the answers periodically throughout your course.

- 1) Why did you choose the Biovet course?
- 2) Why did you choose to study at Liverpool?
- 3) **In less than 100 words describe Bioveterinary Science in a way you think would be easily understood by a university student studying a non-science degree course.**
- 4) **What sort of job/ career would you like after graduation?**
