

**Transactions of the Orthoptic Association of Australia
Volume 1, 1959**

Charles Rasp. Presidential address	2
Peoples M, Charles Rasp	
The British Orthoptic Board	3
Willoughby L, Cashell GT	
Two examples of the A syndrome	8
Lance PM	
Monocular aphakia	10
Hawkeswood H	
A few words on convergence deficiency	13
Balfour B	
Hess charts, typical and atypical	14
Mann D	
Convergence strabismus with a small angle	19
Willoughby L, Cashell GT	
Monocular stimulation in the treatment of amblyopia ex anopsia	24
Carroll M	
Constant strabismus in adults	26
Kirkland M	
Binocular dynamics (clinical examinations)	28
Mann D	
An Orthoptic ABC	43
Willoughby L	
Radio astronomy	48
Kerdel RL	

**Transactions of the Orthoptic Association of Australia
Volume 2, 1960**

Pan-Asian tour. Presidential address	1
Lance PM	
A study of patients at the Childrens Hospital	7
MacFarlane A	
Eccentric fixation and pleoptics	15
Lewis M	
Pleoptics in Melbourne	20
Carter M	
Occlusion clinic	21
MacFarlane A	
Case history. V syndrome	21
MacFarlane A	
Overconvergence in intermittent divergent squint	23
Hawkeswood H	
Two cases of convergence spasm	25
Mann D	
Bifocals in accommodative squint	28
Walker A	
An observation	30
Peoples M	
Esophoria to intermittent convergent squint	32
Hawkeswood H	
Some problems of ocular paresis	33
O'Connor B	
Atypical Duane's syndrome	38
Kunst JM	
Superior oblique tucking; two cases	39
Mann D	

**Transactions of the Orthoptic Association of Australia
Volume 3, 1961**

Supranuclear palsies (post-graduate lecture) Lance PM	3
Convergence (postgraduate lecture) Lance PM	6
Practical aspects of convergence Hawkeswood H	10
Surgical cases of intermittent divergent strabismus Kirkland M	15
A survey of patients at the hospital for sick children, Brisbane Kirby J	21
Some observations of pleoptics at Moorfields Eye Hospital Mann D	29
Notes of pleoptic treatment Syme A	31
Heterophoria Mann D	34
V syndrome (case history) Macfarlane A	37
Paresis of medial rectus with V sign Balfour B.	39
Case history: Postoperative diplopia in an adult Kirkland M	41
Case history: right convergent strabismus McNess M	43

**Transactions of the Orthoptic Association of Australia
Volume 4, 1962**

Patrons address: Orthoptics Henry AV	2
A survey of patients at the far west children's health scheme, Manly Rona A	6
Abnormal projection tendencies in divergent squint Hawkeswood H	13
The aid of bifocals in the treatment of accommodative convergent squint Kirkland M	18
Questionnaire on intermittent divergent squint Mann D, Murphy D, Minifie D	22
Case history: bilateral paresis of elevation Balfour B	28
Survey of the effects of early surgery in constant convergent squint Walker A	30
Case history: General fibrosis syndrome with Duane's retraction syndrome Murphy D	33
Case history: Secondary eccentric fixation Syme A	34
Report on orthoptic student exams Mann D	36
Topic for discussion – convergence insufficiency following trauma Bryden-Brown LA	38

**Transactions of the Orthoptic Association of Australia
Volume 5, 1963**

Patrons address	2
Russell E	
Presidents address, Orthoptics	4
Lance PM	
The scope of Orthoptics	9
Kirkland M	
Australian survey of intermittent divergent squints requiring surgery	15
Murphy D	
Some suggestions on anti-suppression exercises with red coloured filter	
32	
Rona A	
The possibility of a counter-fusional pull	34
Bryden-Brown LA	
Statistics of convergence insufficiency	37
Coddington J	
The physiology of accommodation and convergence	43
Swan D	
The accommodative element in strabismus	45
Cher I	
Orthoptic treatment of accommodative convergent strabismus	49
Kunst JM	
A survey of the use of miotics	52
McNess M	
Pleoptic discussion	59
Red filter treatment of eccentric fixation	61
Kunst JM	
Intermittent overconvergence of unknown causes	62
Hawkeswood H	
A new syndrome? Ptosis on convergence	63
Lance PM	
Aims, aids and methods in orthoptic teaching	67
Craig D	

**Transactions of the Orthoptic Association of Australia
Volume 6, 1964**

Twenty one years Orthoptics – Presidential address	4
Collins L	
NOTES FOR ORTHOPTIC TEACHERS	17
TOPICS Cover test	19
The Binocular Reflexes	20
Binocular subjective anomalies	20
Small angle squints and fixation disparity	21
Accommodation and convergence	26
Superior oblique tendon sheath syndrome	30

**Transactions of the Orthoptic Association of Australia
Volume 7, 1965**

Opening address	3
Handley HA	
Why are you an Orthoptist?	5
Willoughby L	
Thoughts on an overseas tour	6
Ryan H	
Preposterous?	8

Volume 33, 1997-1998

The Patricia lance lecture 1007 – heredity and strabismus R Wilkinson	13
Visual assessment in a developmentally disabled population: Marsden eye surgery V Tosswill, M MacLean	23
The assessment of impaired visual functioning due to cataract B Haynes, L Santamaria, I Sotry, A Pitt	34
The use of predictive factors in stoke rehabilitation N Jones	38
Accommodation values in a normal Sydney population, the RAF rule still valid? E Cornell, R Heard	45
A comparison of contrast sensitivity between people with colour vision defect And those with normal colour vision M Buffrey, J Vassar, N Jolly, R Heard	49
Visual acuity testing in pre-school aged children – what can be expected? M Whitton	55
An historical look at Amblyopia – from patch to patch S Shippman	60
An overview of recent developments in automated perimetric techniques used in the detection of glaucoma A Rota-Bartelink	63
Overview of the GDx nerve fibre analyser M Whitton, G Stead, A Scavos, M Doyle, J Kelly	69
The assessment of driving skills in the presence of restricted visual fields associated with retinitis pigmentosa N Jolly	72
An ‘Atypical’ case of vertical retraction syndrome in association with klippel-feil syndrome L Santamaria	77
The physiology and neurology of vergence eye movements : an update C D Luu, J F Green	81

Australian Orthoptic Journal
Volume 34, 1999

The effect of room illumination on visual acuity measurement Wozniak H, Kelly M, Glover S, Moss N	3
Low vision rehabilitation: an update Fitzmaurice K	9
Outcomes of cataract surgery – what are we measuring? Haynes B, Santamaria L, Pitt A	15
School screening – referral criteria and incidence of ocular disorders in the Blacktown local government area of Western Sydney Jones L	20
Corporate vision screening Giribaldi M, Wulff I	25
The orthoptic treatment of dyslexia using the LASD Lawson A, Kiernicki R, Peterson R	33
Traumatic superior orbital fissure syndrome – a case study Rando A	41

Australian Orthoptic Journal
Volume 35, 2000

Congenital esotropia – an overview Wilkinson R	2
The effects of age on saccades made to visual, auditory and tactile stimuli Sullivan A, Abel L	7
Negative vergence training and its effect on the divergence range and heterophoria size Salah A, Thompson K, Cornell E, Moss N	13
Effect of whiplash injury on contrast sensitivity Brown S	22
Vision impairment in Australian children Tosswill V	27
Humphrey and Tomey biometry for cataract surgery: is there a difference in visual outcome? Haynes B, Talevski S, McCarty DJ	33
Research: a journey of innovation or rediscovery Fitzmaurice K	37
1999 review, reflect, realise, rehabilitation Wulff I	42

Australian Orthoptic Journal
Volume 36, 2001-2002

Microtropia – a challenge to conventional treatment strategies	2
Symyniuk M, Hendersen K	
The effect of eccentric viewing on the visual function of persons with age-related macular degeneration	8
Vukicevic M, Fitzmaurice K	
Patterns of abnormal binocular fixation in a symptom free subject with a well controlled exophoria	12
Cornell E	
ADD/ADHA and ocular conditions	17
Tosswill V	
Testing VA: do symmetrical charts make a difference?	21
Cornell E, Moss N	
The non-surgical management of accommodative esotropia – a personal reflection	23
Calcutt C	
Vision and sport: the past, present and future role of orthoptics	27
Elmurr P	

Australian Orthoptic Journal
Volume 37, 2003

The complicated diagnosis of cortical vision impairment in children with multiple disabilities Wright M	2
The effect of aging on horizontal saccades and smooth pursuit eye movements Santamaria L, Story I	6
The effects of reading from different mediums (computer screen and paper) on blink rates and lacrimation Major J, Jolly N, Heard R	18
Clinical judgement of GDX vcc versus GDX gas in the detection of nerve fibre layer thinning for glaucoma patients Sciavos A, Kelly J, Somerville-McAlester K, Stead G	26
Vision and computer use – a literature review Jolly N	30

Australian Orthoptic Journal
Volume 38, 2004-2005

Is tropicamide a more effective cycloplegic than cyclopentolate in children with dark iridise?	2
Jones N, Kee S, Ming KH	
The standard f vergence eye movements in children with reading difficulties	5
Wulff I	
The effect of training on horizontal saccades and smooth pursuit eye movements	9
Santamaria L, Story I	
Double trouble, patient satisfaction following non surgical intervention for diplopia	16
MacFarlane A, Pedemont K	
By doing eye exercises can you really throw away your myopic correction?	19
Thompson K, Cornell E, Moss N	
Child and adolescent health in New South Wales	26
Tosswill V	
Prenatal factors in infantile strabismus	29
Stamos-Pritchard M, Santamaria L, McCarty C, Devereux C, Story I	
Non standard vision tests to predict functional vision	35
Major J, Jolly N	

Australian Orthoptic Journal
Volume 39 (1), 2007

Editorial. The new Orthoptics	6
Editorial. The value of case studies	7
Two cases of valsalva retinopathy treated with Nd:YAG laser hyaloidotomy Vasallo S, Mancuso C, Harper A	8
Temperature – A contributing factor in a case of superior oblique palsy Somerville McAlester K, Kelly J	13
Discordant unilateral myopia in adult female monozygotic twins. Discordant refraction in monozygotic twins Dirani M, Chamberlain M, Garoufalis P, Chen C, Guymer RH, Baird PN	17
The speed of emmetropia Leone J, Georgievski Z, Koklanis K	21
Acquired colour vision assessment – is Ishihara really enough? Green K	24
Intermittent exotropia: a review of the natural history and non-surgical treatment outcomes Zhang KK, Koklanis K, Georgievski Z	31

Australian Orthoptic Journal
Volume 39 (2), 2007

Editorial. On convergence. On the strength of community	6
Editorial. The value of reviews	7
Comparison of the effect of enlarged print versus a hand held Visolett magnifier on reading performance in fully sighted children	8
Roediger N, Silvera S	
Surgical considerations in the treatment of intermittent exotropia: a review	14
Le T, Georgievski Z, Koklanis K	
Glaucoma and sleep apnoea: Is there a link? A review	19
Moore S, Malesic L	
Vision disturbances in pituitary prolactinomas: A case report	24
Freijah L	
Ocular title reaction caused by a polycytic astrocytoma: a case report	29
Le T	

Australian Orthoptic Journal
Volume 40 (1), 2008

Editorial. Life begins in the 40's. A Ruby tribute to this Australian Orthoptic Icon	6
Eye movements in vestibular function and dysfunction: a brief review	8
Cornell E, Curthoys I	
Vision rehabilitation and the development of eccentric viewing training: a historical review	13
Vukicevic M, Fitzmaurice K	
Diurnal variation of central corneal thickness and intra-ocular pressure in normal and suspect glaucomatous eyes	19
Keel S, Malesic L	
Surgical management of essential infantile esotropia	23
Mocnay N, Koklanis K, Georgievski Z	
Suitability of monovision laser correction in patients with ocular motility disorders	27
Ta SS	

Australian Orthoptic Journal
Volume 40 (2), 2008

Editorial - Looking for you, looking for us? Georgievski Z, Koklanis C	6
The Evolution of Colour Vision Testing French A, Rose K, Thompson K, Cornell E	7
The Specialised Orthoptic Role in Management of Contact Lens Use in Infants Sendelbeck S, Brennan L	16
Are Clinical Measures Good Indicators of Performance of Daily Activities in Vision-Impaired Children Dawson N, Fitzmaurice K	21
Functional Vision Assessment: Looking Beyond Clinical Measures of Ocular Function Vukicevic M	26

Australian Orthoptic Journal

2009 Volume 41 (1)

Editorial - Searching AOJ Scientific Papers and Authors

6

Myopia, Near Work, Atropine and Bifocals: Critical Reflections of the Key Literature. Examining the Influence of Several Factors Upon the Progression of Myopia 7
