Introduction Of The 2007 ESA Lecturer  
EC Campos  

ESA Lecture: Surgical procedures in the treatment of paralytic strabismus  
H Kaufman  

Round table: The dissociated strabismus complex  
EC Campos, M Brodsky, A Damanakis, V Paris, M Graf, JT de Faber  

Ocular motility problems following orbital trauma  
J Lee  

Restrictions related to previous strabismus surgery  
SB Ozkan  

Prevalence of ocular motility disorders in a population of school children from the highlands of Ecuador  
A Molinari, S Heede, G Virgili, M Angi  

Visual acuity, strabismus and binocularity in children with high hyperopia  
KG Romanchuk, JS Kent, SA Dotchin, JA Zurevinsky  

Lexalgia  
H Webb, JP Lee  

Prevalence of amblyopia in an incidence cohort of childhood strabismus  
AE Greenberg, BG Mohney, NN Diehl  

Higher order aberrations: an explanation for some cases of idiopathic amblyopia  
JT de Faber  

Extra insertion of extraocular muscles and ocular mobility after muscle disinsertion  
O Hakim, H Ameen, M Neizy, YG El-Hag  

Horizontal recti surgery in congenital nystagmus  
A Bagheri, M Aletaha, M Zonoobi, M Abrisami  

Isometric force development in human eye muscles end pulleys  
G Lennerstrand, C Shiavi, R Bolzani, M Benassi, M Fusari, EC Campos  

SEE++ - An interactive diagnostic software system for simulating strabismus surgeries  
T Kaltofen, M Buchberger, S Priglinger  

How effective is the inferior rectus faden operation?  
IB Marsh  

Infantile esotropia with nystagmus: a treatable cause of oscillatory head movements in children  
MC Brodsky, KW Wright  

Esotropia with near/distance disparity – an overview study  
RD Gama, V Nogueira, AV Escada, R Costa, G Varandas, ML Viera  

Surgical management of infantile esotropia: what is a good result?  
A Roth, M Bumbacher, Cl Speeg-Schatz, S Gottenkiene  

Surgery for residual convergence excess esotropia  
HJ Patel, E Dawson, J Lee  

Bilateral resection/recession of the medial rectus for convergence excess esotropia  
RH Taylor, B Ramasamy, CP Noonan, FJ Rowe  

Refractive accommodative esotropia: LASIK and PRK treatment  
A Magli, A Iovine, F Fimiani, R Carelli, F Nucci, L Sabetti, U Giani, D Bruzzone  

Management of intermittent distance exo deviations using minus lenses  
FJ Rowe, CP Noonan, G Freeman, J DeBell, K Ireland  

Cyclic esotropia  
LS Mengher, E Dawson, A Dabbagh, JP lee, GGW Adams  

How can we completely change our minds about intermittent exotropia?  
V Paris  

Congenital exotropia: a supplement to literature  
M Farvardin, A Alavi  

Interest of cerebral MRI in infantile exotropia

The changes of corneal astigmatism and refraction after horizontal rectus muscle surgery in intermittent exotropia
H. Heo, G.H. Mun, S.W. Park, Y.G. Park, Korea

The clinical course and the difficulties in etiological diagnosis in two patients with painless ophthalmoplegia – case report
A. Pepic, V. Brankovic-Sreckovic, S. Popovic, D. Mrvos-Cobeljic, J. Mladenovic, V. Milic-Rasic, Serbia

Relations between ocular dominance and macular nerve fiber layer thickness in intermittent exotropia patients with strong unilateral ocular dominance
Y.G. Park, J.S. Lee, H. Heo, S.W. Park, Korea

Evaluation of intelligence quotient (IQ) in patients with congenital strabismus who were candidates for strabismus surgery in one year period
A. Bagheri, M.R. Fallahi, M. Zonoubi, M. Abrishami, M. Aletaha, Iran
Transactions 34th European Strabismological Association
Bruges, Belgium
September 2011

ESA Lecture
The role of pigment in the visual system
B. Lorenz, Germany

Session 1: screening and amblyopia
Eye hand coordination in children with strabismus and amblyopia
J. Sloper, C. Suttle, A. Finley, D. Melmoth, S. Grant, UK
Superiority of objective evaluation of visual acuity in children
V. Paris, Belgium

Session 2: visual function / origin of strabismus
Ocular dominance. Compatability study between different tests
AG. Pechereau, A. Outtara, D. Lassalle, L. Nigua, J. Rondineau, P. Lebranchu, France and Ivory Coast
Ocular function in Parkinson disease
MX. Repka, Z. Almer, K. Klein, L. Marsh, M. Gerstenhaber, USA

Session 3: decision making approach
The seven deadly syndromes of cranial nerve III
CL. McCarus, V. Rismondo-Stankovich, USA
Recession of the four horizontal rectus muscles in congenital nystagmus: subjective assessment by the patients and their families using a questionnaire
AC. Spielmann, O. Nobert, E. Chapotot, France

Session 4: botulinum toxin
Botulinum toxin A in the management of pediatric strabismus
VK. Tailor, S. Thomas, GGW. Adams, UK
Motor response to botulinum toxinn in childhood esotropia – effect of features of the esotropia and age of first treatment
RG. Pinto, I. Silva, F. Braz, R. Seldon, G. Varandos, ML. Vieiro, Portugal
Late recurrence of esotropia in patients with essential infantile esotropia aligned at very early age by botulinum toxin injections
C. Schiavi, M. Fresina, E. Campos, Italy
Comparative study of botulinum toxin and surgery in acquired esotropia management
A. Valverde-Megias, R. Gonzalez-Jimenez, E. Piedrahita-Alonso, E. Garcia-Hernandez, R. Gomez-de-Liano, Spain

Symposium: Adult strabismus management
Topical anesthesia in strabismus surgery
R. Gomez-de-Liano, P. Gomez-de-Liano, P. Merino, O. Seijas, Spain
Mandatory indications for botulinum toxin use
SB. Ozkan, Turkey
Strabismus following muscle trauma
O. Molinari, Ecuador

Orthoptic course
Introduction: assessment and measurement towards standardisation in clinical trials
E. Caines, Sweden
Assessment of visual acuity and contrast sensitivity in children
A. Rydberg, Sweden
Standardisation of subjective refraction and visual acuity measurements in adults
D. Godts, Belgium
Ocular alignment and motility: moving variables in clinical trials
F. Rowe, UK

Testing binocular vision and stereopsis in clinical trials
H. Davis, UK

Session 5: oblique muscle surgery
Is inferior oblique recession a ‘self-adjusting’ surgical procedure?
B. Kaczmarek, Poland

Effect of strabismus surgery on torticollis caused by congenital superior oblique palsy in young children
Isenberg SJ, Kekunnaya R, USA and India

From MRI to surgical strategy in A or V pattern strabismus
A. Roth, M. Bumbacher, Switzerland

The effect of superior rectus recession on superior oblique palsy with superior rectus contracture
SB. Ozkan, D. Buran, Turkey

Round table discussion: oblique muscle surgery update
Anatomy of the inferior oblique muscle and surgical implications
D. Stager Jr, USA

Objective analysis of torsion related to oblique muscle surgery
A. Pechereau, Lebranchu, G. Le Meur, D. Lassalle, France

Particular aspects of oblique muscle resection and transposition
V. Paris, Belgium

Session 6: special aspects of torsion
Rotation of the retinal vascular arcades: an accessory sign of ocular torsion
CF. Parsa, AB. Kumar, USA and India

Canine tooth syndrome resulting from fronto-ethmoidal sinus surgery
H. Peeters, K. Baelemans, D. Yuksel, Belgium

Different mechanisms of motor fusion may differentiate between patients with true versus masquerading superior oblique paresis
K. Irsch, DL. Guyton, HS. Parks, HS. Ying, USA

Epidemiological study of strabismus with torsional syndrome
P. Lebranchu, G. Le Meur, F. Oger-Lavenant, A. Pechereau, France

Session 7: complications and trauma
Severe complications of strabismus surgery
JA Bradbury, RH. Taylor, UK

A child with choroidal oedema after uneventful strabismus surgery
C. Gobin, S. Swinnen, Belgium

How to handle trauma to the eye muscles with a Dutch touch. Do not despair, but repair?
JTHN de Faber, I Dekker, MC Rijneveld, D Goes, E de Jongh, R van Ruijven, MJH Tjon-Fo Sand, The Netherlands

Study of ocular motility in patients with congenital glaucoma
E. Hernandez Garcia, A. Valverde Megias, MR. Gomez de Liano Sanchez, Spain

Session 8: specific aspects of surgery
Second surgery in dissociated vertical deviation (DVD)
S. Gamio, Argentina

To compare inferior rectus recessions versus inferior and superior rectus recessions in patients with vertical deviations in thyroid eye disease on fixed and adjustable sutures
J. Hancox, K. Mackenzie, J. Acheson, J. Lee, G. Adams, UK

Uni or bilateral recession of the inferior rectus muscle in Grave’s orbitopathy patients?
HM. Jellema, P. Saeed, YS. Everhard-Halm, L. Prick, M. Mourits, The Netherlands
Surgery for consecutive exotropia. An audit of a decade
RH. Taylor, UK
201

Surgical options in Duane syndrome
A. Arnesto, Argentina
207

Session 9: special aspects of Duane syndrome
213
Duane syndrome: clinical pearls contributing to tailored surgery
M. Dieltiens, I. DeClippeleir, M. Van Lammeren, L. Baekeland, H. Janssens, L. Beelen, L. Govaeris, Belgium
Surgery and expectations in consecutive exotropia related to lost medial rectus after surgery for eso-Duane
DE. Cioplean, G. Birlea, M. Dragomir, Romania
Rosenbaum transposition for Duane’s syndrome
AJ. Cossari, USA

227
Amblyopia treatment perspectives
B. Stankovic, Serbia
Review of recent evidence on management of patients with intermittent exotropia
J. Sloper, UK
Review of the evidence for surgery in patients with nystagmus
J. Sloper, UK

Posters
Preliminary results of treatment efficiency of disbinocular amblyopia with eccentric fixation with prism correction
S. Rykov, M. Shevkolenko, V. Mellina, Belarus
The effect of myopic laser keratorefractive surgery on exotropia
A. Farahi, H. Hashemi, S. Tavakolizadeh, Iran
Near compared with distance visual acuity in amblyopic eyes
MX. Repka, A. Christoff, B. Kaminski, JM. Holmes, PEDIG Group, USA
The dilemma about retinal changes in amblyopia
RL. Lolova, NK. Surlekova, Bulgaria
Unilateral amblyopia: comparison of time and spectral domain optical coherence tomography in assessing macular and retinal nerve fiber layer thickness
S. Petroni, V. Perrotta, R. Parrila, S. Aliberti, A. Salerni, G. Savino, L. Balia, C. Rodini, A. Dichmann, Italy
The change of quality of life in adults after surgical correction of strabismus
JB. Lee, SA. Chung, SH. Han, S. Rhia, Republic of Korea
A wider applicability of the screening refractometer Plusoptix: a Russian experience
IL. Plisov, Russia
Surgical treatment of partially accommodative esotropia after LASIK surgery – case presentation
M. Ljutica, V. Regoda, B. Stankov, D. Bubalo, M. Jankov, J. Rebic-Jelic, Serbia and Bosnia and Hercegovina
Premature infants with or without ROP treatment: refractive errors and presence of strabismus
J. Rebic-Jelic, M. Ljutica, A. Oroz, B. Stankov, Serbia
Double – a case report
L. Lindverg, Finland
Amblyopia children and electrophysiological assessment
M. Jarc-Vidmar, J. Rahne, M. Sustar, J. Brecelj, D. Kosec, Slovenia
Clinical peculiarities of accommodative esotropia
A. Senyakina, N. Bushyeva, S. Martynyuk, Ukraine
Synkinesis in ocular motility
ESM. Toukhi, Egypt

221
Standardising reported outcomes of surgery for intermittent exotropia – squaring the circle?
AKC. Chiu, N. Din, N. Ali, UK

Electronic baropodometry in patients affected by ocular torticollis
G. Bellizzi, M. Bellizzi, Italy

Results of extraocular muscle electrostimulation in concomitant strabismus treatment
IM. Bolchuk, TM. Serebrina, VP. Mazur, Ukraine

Ocular abnormalities in patients with Down syndrome
T. Huseynova, S. Akar, B. Gokyigit, OF. Yilmaz, Azerbaijan and Turkey

Dose effect in advancement of medial rectus muscle for consecutive exotropia
WY. Ryu, YA Cho, Republic of Korea

Surgical outcomes in intermittent exotropia with a deviation angle of 20PD
MMK. Kim, MJC. Cho, Republic of Korea.

Consecutive exotropia
R. Seldon, F. Almeido, A. Vide Escada, G. Varandos, ML. Vieira, Portugal

Principal phenomena of abnormal binocular vision and retinal correspondence in patients with concomitant strabismus; their frequency and dependence on method of investigation
TP. Kashchenko, Russia

Binocular symptoms during tridimensional technology movies display in absence of known binocular pathology

Can patients with strabismus see 3D movies?

Recurrence of idiopathic orbital inflammatory disease
AY. Firth, UK

A. Valverde-Megias, F. Fernandez-Tresguerres, L. Palmero-Fernandez, R. Gomez de Liano, JA. Troyano-Rivas, A. Romo-Lopez, Spain

Retrieval of lost medial rectus muscles without orbital approach
HI. Altinsoy, OM. Ceylan, G. Gokce, FM. Mutlu, Turkey

Management of consecutive exotropia
H. Gursoy, H. Basmak, Y. Aydin, Turkey

Cyclic esotropia in a monoclonal patient with myopia and pigmentary glaucoma
S. Popovic, D. Sokic, V. Markovic, I. Marjanovic, N. Milic, B. Stankovic, Serbia

Modification of pulleys position after surgery of medial rectus
DA. Thouvenin, O. Norbert, E. Chapotot, France

Is there any improvement in sensory and motor functions after surgery in neurologically impaired children?
S. Ziyalan, D. Oral, E. Gorgun, RB. Kucumen, F. Ciftci, Turkey

A case for Hickam’s dictum? Complex ophthalmoplegia with several possible causes
H. Armstrong, R. Gokani, C. Loong, H. Manji, F. Bremner, UK

Chronic progressive external ophthalmoplegia, congenital fibrosis of extraocular muscles and ocular myasthenia: retrospective analysis
G. Savino, S. Petroni, R. Baltendieri, MT. Rebecchi, D. Colucci, R. Mattei, A. Dickmann, Italy

An unusual case of bilateral Brown’s syndrome
HT. Sekeroglu, P. Turkcuoglu, AS. Sanac, EC. Sener, Turkey

Our experience with surgical treatment of large angle esotropia
I. Mravicic, N. Gabric, I. Dekaris, V. Glavota, Croatia

Consecutive exotropia after bilateral medial rectus recession in type I Duane’s retraction syndrome
H. Basmak, H. Gursoy, Y. Yaz, Turkey

Rare cases of congenital cranial nerve palsies with long-term follow-up
A. Soproni, P. Domsa, Hungary

Botulinum toxin in the treatment of early onset esotropia in children with cerebral palsy
K. Oyewole, H. Petrushkin, S. Jain, UK

Combined medial rectus recession and Fadenoperation for treatment of large angled esotropia with eccentric fixation
B. Gokyigit, S. Akar, OF. Yilmaz, Turkey

Ten-year long term results of botulinum toxin injection in congenital esotropia
J. Tejedor, M. Perez-Lopez, M. Leal, JM. Rodriguez, Spain

Orbital paraganglioma presenting as lateral rectus enlargement and its novel management
A. Bagheri, M. Aletaha, H. Salour, A. Abdollahi, Iran

Retrobulbar Xeomin therapy for acquired vertical nystagmus
IL. Phsov, VV. Atamanov, Russia

ESA lectures

ESA lecture: Adventures of a strabismologist
J-THN de Faber, The Netherlands

Session 1: Amblyopia, screening and visual function
Group training: a solution to improve compliance and efficiency in amblyopia treatment
CG Vladutiu, SA Sevan, I Duma, Romania

Session 2: Neuro-ophthalmology and the visual function
Profile of gaze dysfunction following cerebro-vascular accident
F Rowe, VIS Group, UK
Deficits in eye-hand coordination in children with strabismus and amblyopia change with age
JJ Sloper, C Suttle, M Conway, D Melmoth, S Grant, UK

Round table: Surgery for inferior oblique overaction/ superior oblique palsy – different approaches leading to the same goal
Intraoperative adjustment for oblique surgery under general or topical anaesthesia
V Paris, Belgium

Session 3: Particular types of strabismus
Diagnosis by magnetic resonance imaging of the CREOM
P Merino, P Gomez de Liano, H Fukumitsu, G Franco, Y Ruiz, Spain
MR imaging in strabismology: technique, indications and results
A Roth, EA Cabanis, M-T Iba-Zizen, Switzerland and France
Type IV Duane syndrome
DT Sprunger, EM Helveston, DE Cioplean, LA Teodosescu, USA and Romania
Is there a new entity of strabismus in myopic patients?
B Marcon, R Pittino, N Martini, G Muner, Italy

Symposium: Imaging in strabismus surgery
Imaging in superior oblique palsy
M Sato, Japan
Clinical and image correlation in thyroid strabismus
C Bok-Beaube, O Galatoire, S Moraz, F Heran, France
Contribution of MRI to the study of strabismus in the highly myopic patient
P Gomez de Liano, P Merino, G Franco, J Guzman de Villoria, P Fernandez, Spain
Imaging in consecutive exotropia
T Negishi, Japan

Session 4: Strabismus surgery. Part 1
Effectiveness of strabismus surgery in patients with amblyopia
M Goberville, MS Leite Nguyen, V Sebag, A Kostas, France
Severe complications of strabismus surgery
JA Bradbury, RH Taylor, UK
Reoperations in Duane retraction syndrome: intraoperative findings and postoperative results 107
A Ciubotaru, LG Popescu, D Mircea, Romania
Risk factors for reoperation in infantile esotropia 111
R Friling, S Fertig, I Maharshak, E Reich, I Sherf, Y Ron, M Snir, Israel
Topical anaesthesia in strabismus re-operation: a case series 119
A Farahi, S Tavakolizadeh, S Mehravaran, Iran
The natural course of anterior segment ischaemia after disinsertion of extraocular rectus muscles in an animal model 123
A Bagheri, M Tavakoli, P Torbati, M Mirdehghan, M Yaseri, O Safarian, Iran

Early morning orthoptic course: The eye in focus – Accommodation and vergence and dynamic anomalies 129
Accommodative and vergence anomalies
A Rydberg, Sweden
Vertical vergence adaptation 133
MG Stephenson, UK
Convergence-accommodation beats accommodative convergence 137
AM Horwood, PM Riddell, SS Toor, UK

Session 5: Binocular vision 145
Binocular vision in chronic fatigue syndrome
D Godts, Belgium
Dichoptic contrast masking during relative convergence training 149
M Dostalek, P Betlachova, R Autrata, Czech Republic
Stereoacuity in prism-induced divergence stress 153
H Davis, M Bibi, UK

Round table discussion: Management of intermittent exotropia 159

Session 6: Strabismus assessment and binocular vision 179
Objective analysis of the mechanism of vertical fusional vergence to classify congenital superior oblique paresis and guide surgical approach
K Irsch, DL Guyton, HS Ying, USA
MP4 player attached to the forehead for strabismus assessment 185
S Hajjo, Syria
How far can we trust the cover test? 189
V Paris, Belgium

Early morning course: IIIrd nerve palsy 197
Neuroimaging in third nerve palsy
GB Marcon, R Pittino, Italy
Synkinesis in IIIrd nerve palsy 203
AC Spielmann, France
Problems and solutions in surgical treatment of third nerve palsy 207
SB Ozkan, Turkey
Transposition surgery for third nerve palsy 209
M Graf, B Lorenz, Germany

Session 7: Strabismus surgery, part 2
An effective modification of rectus muscle plication surgery technique
B Gokyigit, S Akar, ED Aygit, A Demirok, Turkey

Bimedial rectus recession with posterior fixation suture (BMRF) for large infantile esotropia
M Graf, T Gerlach, O Getmann, B Lorenz, Germany

Transposition surgery for the treatment of paralytic exotropia
C Schiavi, Italy

Effectiveness of split lateral rectus transpositions in medial rectus area in complete 3rd cranial nerve palsy and mis-innervation syndrome
B Gokyigit, S Akar, ED Aygit, A Demirok, Turkey

Session 8: Strabismus overview
20 year follow-up study on adult strabismus surgery
R Gomez-de-Liano, I Rodriguez Una, E Diaz-Isabel, M Ibartz, Spain

The association of retinopathy of prematurity stage with strabismus, its management and refraction
H Gursoy, H Basmak, B Bilgin, N Erol, Turkey

Recruitment issues in a pilot RCT of surgery for intermittent exotropia
JJ Sloper, P Tiffin, R Taylor, K MacKenzie, CJ Powell, D Buck, V Hogan, MP Clarke, UK

Session 9: Vertical strabismus
Differences in surgical management of symmetric and asymmetric dissociated vertical deviation
S Gamio, Argentina

Symposium: Re-operations in strabismus surgery
Coming back on a medial rectus with a posterior fixation
DA Thouvenin, France

Re-operation for residual dissociated vertical deviation (DVD)
LA Theodorescu, Romania

Re-operation for lost medial rectus after multiple surgeries for strabismus
DE Cioplean, Romania

Vicious scarring after multiple strabismus surgery
SB Ozkan, Turkey

Posters
Treatment of amblyopia: development of visual acuity by stair-case method
L Sabetti, D Lodovico, S Argentieri, S Costanzi, Italy

Binocular triplopia induced by occlusion therapy – case report
C Serfozo, A Soproni, Hungary

Visual acuity and contrast sensitivity improvement in cases of congenital nystagmus using NeuroVision™ (RevitalVision LLC) Technology: a retrospective multinational multicentre case series
OW Lior, H Lichter, S Levinger, Y Morad, Israel

Myelinated nerve fibres combined with high myopia and amblyopia
B Kaczmarek, Poland

The peculiarities of treatment of strabismus and amblyopia in children with disorders of neuropsychofunctional state
V Serdiuchenko, Y Galpert, I Kuzhda, Ukraine

Comparison of the iScreen photoscreener to the MTI photoscreener for the
detection of amblyopia risk factors in children
NS Matta, DI Silbert, RW Arnold, USA
Can the plusoptiX replace the need for a cycloplegic examination in select pediatric ophthalmology patients?
DI Silbert, NS Matta, K Anderson, USA
Ocular motility behaviour and refractive resemblance in identical twins
B Gokyigit, ED Aygit, S Akar, Turkey
Postnatal refractogenesis in children with congenital concomitant non-accommodative esotropia (CCNE)
S Rykov, A Senyakina, M Shevlenko, Ukraine
Superficial electromyography in children with concomitant squint
IM Boichuk, VP Mazur, Ukraine
A new conjunctival incision for strabismus surgery
S Hajjo, Syria
Postoperative treatment in uneventful strabismus surgery follow-up in children under 14 years: optimal treatment vs dosage
M Serrador, E Hernandez, A Valverde, R Gomez-de-Liano, Spain
Anterior segment ischemia – a case report
P Toivonen, Finland
The change of accommodational ability influencing asthenopia with viewing 3D display
S Wee, N Moon, Republic of Korea
Binocular vision following refractive surgery in anisometropic patients
E Hernandez Garcia, B Martin Garcia, R Gonzalez Jimenez, R Gomez de Liano Sanchez, A Arias Puente, Spain
Eye appearance and detection of exotropia in children with intermittent exotropia
S Rhiu, SA Chung, K Lee, JB Lee, Republic of Korea
Tropicamid 0.2% for treating exotropia
S Hajjo, Syria
Strabismus distribution among the patients in a Sofia eye clinic
RH Lolova, Bulgaria
The results of the surgical treatment of strabismus in children with cerebral palsy
V Serdiuchenko, Y Galpert, Ukraine
Comparison of the surgical response to medial rectus recession in esotropes with and without cerebral palsy
J-M Hwang, DJ Ma, HK Yang, Republic of Korea
Outcome of strabismus correction by botox injection: Dharan Eye Specialist Hospital
LH Jeddawi, G Ramadan, Kingdom of Saudi Arabia
Transposition surgery for damage of abducens nerve: optimal strabismological portrait of patients to get the best outcome
IL Plisov, Russia
Anterior and nasal transposition of the inferior obliques in Crouzon syndrome
A Dickmann, S Petroni, C Tredici, A Agresta, Italy
Unilateral enophthalmos with restricted ocular motility and shortening of the optic nerve. A case report
OH Haugen, J Krakenes, Norway
Iatrogenic cyclotorsional diplopia in acquired traumatic bilateral third nerve palsy: How can we manage it?
AC Piantanida, G Falcicchio, C de Conciliis, Italy
Iatrogenic exotropia after endoscopic sinus surgery: a case report

Transactions 36th European Strabismological Association. Marseilles, France September 2013

ESA lecture introduction
A Roth

ESA lecture: Reporting on the deviation
A Pechereau

Session 1: Amblyopia, screening and visual function
Amblyopia treatment study 1: long-term follow-up results at age 15 years.
MX Repka, R Kraker, JM Holmes, PEDIG, USA
Effects of Bangerter filters on the visual field in visually normal adults: comparison between white-on-white perimetry and frequency-doubling-technology perimetry results
C Schiavi, M Cellini, F Tassi, Italy
Preservation of visual acuity after amblyopia therapy
CG Vladutiu, O Teodorescu, SA Sevan, Romania
Strabismus and stereopsis at 30 months corrected age of a Swedish cohort of extremely preterm children, born before 27 weeks of gestation
G Holmstrom, K Kallen, A Hellstrom, P Jakobsson, F Serenius, K Stjernqvist, K Tornqvist, Sweden

Session 2: Binocular vision
Binocular coordination of saccades during reading in strabismic children
E Bui-Quoc, C Lyons, M Seassau, MP Bucci, France
Testing the prism fusion range
H Davis, ME Rhodes, J Hoole, UK
Comparison of the INNOVA visual acuity system with the Frisby-Davis 2 for the evaluation of distance stereaoacuity
NS Matta, EL Singman, J Tian, DI Silbert, USA
Mod Joined Frisby-Davis stereo test (FD2) for showing textures sensitive to blur
JP Frisby, J McCarthy, H Davis, UK
Real stereopsis test using 3-dimensional display with Tridef software
J Han, JH Kim, J Kim, SK Lee, JB Lee, SH Han, Korea

Symposium ESA-AFSOP
Anaesthesia for strabismust surgery
F Audren, France
Eye position under general anaesthesia
A Pechereau, P Lebranchu, C Turpin, G Le Meur, France
The difference of muscle tension in antagonistic muscle pairs and its contribution to the surgical decision
A Roth, Switzerland
Consequences of examination of strabismus under sedation on surgical procedure
DA Thouvenin, France

Session 3: exo deviations
Characterising patients with age-related divergence insufficiency esotropia
MX Repka, E Downing, USA
Surgical outcome in patients with consecutive exotropia
Session 4: vertical strabismus
Orthoptic and epidemiologic data in congenital sursoadduction and dorsoadduction - discussing pathogenesis and relations to classes of infantile esotropia
A Neugebauer, N Krenkel, B Roggenkamper, C Schmitz, A Hedergott, J Fricke, Germany
The bilateral inferior oblique muscle anterior transposition and its efficiency in obtaining the vertical alignment of esotropia accompanied by bilateral dissociated vertical deviation and bilateral inferior oblique overaction
DE Cioplean, G Birlea, Romania
The results of anterior transposition of the inferior oblique: anterior fibres sutured to sclera versus bunch-up technique
LA Teodorescu, IA Velcea, Romania
Superior oblique muscle recession in the treatment of A-pattern
D Abokwidir, A Bickmann, G Rudolph, O Ehrt, Germany

Symposium: different techniques of measurement of cyclodeviations
How do I measure cyclodeviations?
M Sato, Japan

Session 5: restrictive strabismus
Evaluation of prognostic factors after single-stage adjustable strabismus surgery in thyroid eye disease
S Rhiu, SY Han, SA Chung, JB Lee, Korea

Session 6: paralytic strabismus
Congenital downgaze palsy
AC Spielmann, France
A new surgical treatment for monocular elevation deficiency with new understanding of the accompanying ptosis
S Hajjo, Syria
An addition to and modification of Kaufmann's protocol for patients with 3rd nerve palsy
I Aznauryan, V Balasanyan, N Martini, G Muner, Italy

ESA orthoptic course: evidence base for orthoptic investigations
Evidence base for orthoptic investigations
F Rowe, UK
Amblyopia treatment in older children and teenagers
D Godts, Belgium
Session 7: strabismus surgery I
When may variation in deviations of strabismus be considered as real change? 175
E de Jongh, C Leach, MJ Tjon-Fo-Sang, A Bjerre, The Netherlands and UK
Accommodation in children under general anaesthesia 179
DJ Salchow, I Marcus, TJ Golembeski, X Wang, F Li, Germany and USA
Short, intermediate and long term efficacy of fadenoperation 187
O Fakhoury, A Aziz, B Donnadieu, D Daniel, France

Session 8: strabismus surgery II
Results after tucking the anterior portion of the superior oblique muscle 193
N Hoeckele, PF Kaefer, G Klainguri, Switzerland
Simultaneous superior oblique tuck and contralateral Harada-Ito procedure in the 199
management of bilateral asymmetrical superior oblique palsies
L Barker, J Sloper, UK

Session 9: strabismus surgery III
Long term results of deeper muscle fibres recession of inferior rectus operation 205
B Gokyigit, S Akar, P Kaynak, A Demirok, Turkey
Comparison of four augmented recession techniques 211
B Gokyigit, S Akar, ED Aygit, A Demirok, Turkey
Does inferior oblique weakening affect horizontal alignment in primary position? 215
A Ferdi, A Jones, A Maino, S Jain, UK
Interest of adjustable surgery of vertical recti in IVth nerve palsies. About an 89
219 cases review
DA Thouvenin, C Lesage, O Norbert, S Nogue, France
Efficiency of adjustable medial rectus recession associated to a loop myopexy 223
between superior and lateral recti in the treatment of strabismus in high myopic
patients
DA Thouvenin, V Soler, France

Difficult case presentation
A rare complication of a common procedure 229
JA Bradbury

Session 10: varia
Incidence of strabismus in preverbal children with hyperopia previously 233
diagnosed with pseudoesotropia
DI Silbert, A Silbert, NS Matta, USA

Symposium: 2013 evidence update
Adjustable strabismus surgery in children 239
I Marsh, UK
Management of convergence excess esotropia 241
GB Marcon, Italy

Posters
Ten years of visual screening in Belgium 247
T Sayer, MC Murray, M Cordonnier, Belgium
Can optometrists manage children failing vision screening? 251
C Penrose, L Crawford, UK
Light sensitivity of retina in children with amblyopia of various degree
TP Kashchenko, GF Kachalina, EG Antonova, EK Pedanova, MA Kashchenko, MD Magaromova, Russia

Treatment of amblyopia in children with strabismus using the P Chaumont liquid-crystal spectacles in phase-time presentation of images
I Rabichev, TP Kashchenko, T Kornyushina, P Ratmanova, Russia

Morphometric indices of retina and optic nerve in children with strabismic amblyopia in dependence of monocular fixation
IM Boichuk, OI Yschnica, Ukraine

Orthoptic red-green tests and dyschromatopsia
B Rousseau, France

The Krats-Roussesu paddle (KR): a new fixation target test
B Rousseau, C Bangil, T Parola, France

Disturbances of pupillary reactions in patients with accommodative esotropia
A Senyakina, N Bushnuyeva, S Martynyuk, Ukraine

Can my child appreciate a 3D movie?
M Tjon-Fo-Sang, W Duifuhiizen-Visscher, D Goes, MF Brouwer, JTHN de Faber, R Van Ruyven, The Netherlands

The effect of convergence and divergence stress on near stereocuity
ED Biler, SG Yilmaz, E Kucukceran, O Uretmen, Turkey

Efficiency of binocular fusion under relativity vergence stress
M Dostalek, M Duchackova, J Hejda, K Flkegel, T Lukes, J Hozman, R Auatrata, Czech Republic

Variability of the angle squint in innervational esotropia: a simple old forgotten method to manage it
TA Piantanida, M Spera, R Nobili, G Falcciccio, D Allegrini, Italy

Accommodative amplitude in intermittent exotropia
J Tejedor, FJ Gutierrez, Spain

The case of acute strabismus (esotropia) and diplopia, provoked by severe neurogenic a commodstive spasm in a child
I Kuzhda, O Pityk, Ukraine

Interest of decompensation tests in divergent strabismus: pre- and intra-operative tests
M Santallier, Y Nochez, A Alhaji, S Arsene, France

Long term follow up of a case of esotropia with convergence excess
E-SM Eltoukhi, Egypt

Acute acquired comitant exotropia in a child with a brsina tumour. Case report
H Cohen, France

The results of treatment of concomitant squint with small angles of deviation
V Serdiuchenko, I Kuzhda, Ukraine

Peculiarities of oculomotor disturbances in children with cerebral palsy
Y Galpert, V Serdiuchenko, E Bedarev, Ukraine

A novel case of superior rectus injury and its subsequent surgery
A Javed, V Wong, J Young, J Durnian, UK

Epidemiology of superior oblique palsies - a retrospective consecutive case series of 345 patients
S Petroni, G Savino, R Battendieri, G Corbo, A Salemi, A Dickmann, Italy

Main characteristics of v-pattern strabismus at a tertiary hospital
AV Escada, R Seldon, G Varandas, I Dias, ML Vieira, Portugal

Repeated isolated third nerve palsy in children - apropos one case
J Alajbegovic-Halimic, D Zvizdic, M Calendar, Bosnia and Herzegovinia
Modified fadenoperation technique for the treatment of esotropia
AC Vale, A Figueiredo, V Miranda, R Parreira, P Meneres, M Barca, Portugal
Cranial nerve 3rd palsies in childhood
B Gokyigit, S Akbar, BY Satana, ED Aygit, A Demirok, OF Yilmaz, Turkey
The marginal myotomy of the inferior oblique muscle at the n. trochlearis
damage - revised
Ophthalmological outcome after reconstructive surgery for isolated orbital
fractures with various types of implants
Up-shoot and down-shoot in Duane's retraction syndrome
E-SM Eltoukhi, Egypt
Congenital unilateral ocular fibrosis syndrome secondary to nasal
chondromesenchymal hamartoma
L Vera, T van den Abbeele, M Elmaleh, E Bui-Quoc, France
Treatment of heavy eye syndrome by modified muscle union procedure with
scleral myopexy 15mm posterior to insertions
B Stankovic, D Risovic, A Stankovic, S Popovic, M Knezevic, G Cuturiol,
P Heniova Sencanic, I Marjanovic, M Stojkovic, Z Nedeljkovic, M Jovanavic,
Serbia
Results of unilateral Anderson-Kestenbaum operation with jerky nystagmus and
squint
S Rykov, A Senyakina, M Shevkolenko, K Korobov, Ukraine
Modification of surgical plan of strabismus surgery under anaesthesia
C Speeg-Schatz, A Sauer, P Burgun, E Calache, A Roth, Switzerland
Efficacy of graded recession in bilateral asymmetric inferior oblique overaction
ED Biler, K Gog, O Uretmen, Turkey
Combined surgery strabismus and congenital Ptosis
D Bremond-Gignac, France
The effects of topical carbonic anhydrase inhibitor for treatment of nystagmus
ED Aygit, B Gogyigit, Turkey
Intermittent divergent strabismus revealing a sensory strabismus in a 23 month
old child
E Bui-Quoc, France
Ophthalmological manifestations in children with Fabry disease in the Fabry
Outcome Survey
S Pitz, G Kalkum, G Pintos-Morell, R Parini, M Rohrbach, M Beck, S Larroque, U
Ramaswami, Germany, Spain, Italy, Switzerland, UK
Superior oblique myokymia: About 5 cases
R Dufrane, M Cordonnier, Belgium
Spatial visual cognition in 2.5 year old prematurely born children
J Hreinsdottir, H Ornkloo, C von Hofsten, KS Brodd, U Ewald, G Holmstrom,
Sweden
Quality of life reported in a randomized controlled trial of surgery against
monitoring in childhood intermittent exotropia: a pilot study
CJ Powell, D Buck, V Hogan, S Jones, JJ Sloper, R Taylor, P Tiffin, MP Clarke,
UK
Low vision in private practice
C Sevestre, France
Evaluation of extraocular muscle tension
D Bremond-Gignac, France
Objective comparison between PlusoptiX and auto-refractometry
CG Vladutin, O Teodorescu, SA Sevan, Romania
Rare eye movement disorder in early childhood – case report
S Serfozo, A Soproni, A Musicz, T Niederland, Hungary

Surface electromyography in children with and without esotropia
I Boychuk, VP Mazur, Ukraine

Imaging in strabismus (using anterior segment OCT)
R Grover, India

Pseudoamblyopia and excyclodeviation
A Frattolillo, C Schiavi, Italy

Study of treatment of amblyopia in patients with congenital glaucoma
E Hernandez Garcia, BD Gordo, LM Fernandez, R Gomez de Liano Sanchez, JG Feijoo, Spain

Comparison of the binocular stereoacuity measured by the TNO stereotest versus the Frisby stereotest near (FSN) in healthy adult subjects. A prospective, monocentric, non-controlled, non-randomised and open study.
M Fauveua, B Rousseau, P Crepy, France

Strabismus and diplopia revealing rhabdomyosarcoma in a 7-year old girl
A Aziz, O Fakhoury, R Sekfali, C Coze, D Denis, France

Nasal superior oblique tendon replaced by fat tissue in a patient with congenital superior oblique palsy and ipsilateral absence of the trochlear nerve
OH Haugen, L Nepstad, J Krakenes, Norway

Surgical results of simultaneous surgery of inferior oblique muscle and superior oblique muscle on congenital superior oblique palsy
M Sacki, A Hikoya, M Sawada, Y Harada, Y Hotta, M Sato, Japan

Influence of fixation distance on postural control of strabismic patients
A Dickmann, C Tredici, S Petroni, A Agresta, C Simbolotti, R Parilla, I Aprile, Italy
Table of contents

Presidents Foreword ................................................................. 11
Preface by the Editor ................................................................. 13
Executive Committee of ESA 2015 ............................................... 15
ESA Venice Organisation Meeting ............................................... 17
ESA Lectures ........................................................................... 19

ESA Lecture 2015:
How do the extraocular muscles contribute to concomitant strabismus?
Do they play an active or passive role in the deviation? .................. 21

Costantino Schiavi, Italy

Symposium: Amblyopia update
Overview of current treatments .................................................... 31
F. Audren, France
What have I learnt from PEDIG ................................................... 35
B. Stancovic, Serbia
Amblyopia and Binocular Function .............................................. 41
J. Sloper, UK
Amblyopia: new treatment methods ........................................... 45
J. M. Holmes, USA

Symposium: Evidence Update- A Personal Perspective-
How My practice has changed recently
Intermittent Exotropia ............................................................... 51
K. Romanchuk, Canada

Early Course: Surgical Procedures
Medial canthal fixaton for 3rd nerve palsies .................................. 57
GGW Adams, UK
Combined Recession and Resection for Convergence Excess Esotropia ........ 61
I.B. Marsh, UK
Posterior Fixation and Recession of a Rectus Muscle .................... 65
D. Thouvenin, France

ESA Orthoptic Session: Type of Strabismus and Contributing Factors
Type of strabismus and changes to fusion measures ....................... 73
C. Lança, Portugal

Free Papers Session 1: Amblyopia and Screening
Systematic reviews of interventions relevant to strabismus ............... 79
FJ. Rowe, S. Elliott, I. Gordon, A. Shah, UK
Long term follow-up of Strabismic Amblyopia ................................ 83
AC Vale, T Borges, AC Abreu, V Miranda, R Parreira, P Meneres, Portugal
Refractive Amblyopia: Long-term visual outcome .......................... 87
AC Abreu, C Vale, V Lages, J Coelho, V Miranda, R Parreira, P Meneres, Portugal
Adult Amblyopia Treatment by REVITALVISION ........................ 91
D. E. Cioplean, V.I. Pruna, Romania
The Danish Rural Eye Study: The Association of Preschool Vision Screening on the Prevalence of Amblyopia. .................. 95
T. B. Høeg, B. Moldow, C. Ellervik, K. Klemp, D. Erngaard, M. La Cour, H. Buch Hesgaard, Denmark

Free papers Session 2: Stereo and Binocular Function
A Comparison of Stereoacuity Tests in Clinical Practice ................. 101
H. Davis, M.J. Rhodes, J. Drury, UK
TNO stereo-test for the diagnosis of microesotropia in children: a statistical analysis. .................................................. 105
AC Piantanida, M Spera, R Nobili, Italy
Normal accommodative amplitude value in paediatric patients ................................. 109
AC Piantanida, M Spera, R Nobili, Italy
Is the onset of accommodative esotropia in toddlers related to natural changes in response to blur? .......................................................... 113
A. M. Horwood, S.S. Toor, P.M. Riddell, UK
What should we expect from monocular accommodation? ........................................ 117
A. M. Horwood, UK

Free papers session 3: Exotropia and Cyclovertical
Divergence Excess Intermittent Exotropia: Bilateral Lateral Rectus Recession at 15 years Follow-up ........................................... 123
E Chiariello Vecchio, R Carelli, P Esposito Veneruso, G Esposito, L Rombetto, A. Magli, Italy
The Evaluation of Potential Risk Factors in The Development of Consecutive Exotropia. ................................................................. 127
C. G. Vladutiu, O. Teodosescu, R.M. Lasca, Romania
Superior Oblique Myokymia and Oculomotor Nerve Palsy with Cyclicspasms: a similar pathogenesis? .................................................. 131
N. Gravier, France
The effect of inferior oblique muscle recession in cranial nerve IV paralysis: does it change according to MR Imaging? ........................................ 135
G.B. Marcon, R. Pittino, N. Martini, Italy
Essential Infantile Esotropia with Inferior Oblique Hyperfunction and Lateral Recti Pseudoparalysis: Long Term follow-up of 6 muscles approach . 141
R Carelli, E Chiariello Vecchio, E Esposito, L Rombetto, P Esposito Veneruso, A. Magli, Italy
A New Approach of Inferior Oblique Over Action (IOOA) without Cyclotorsion . 145
B. Gokyigit, S. Akar, E.D. Aygit, Z. Akkin, O.B. Ocak, Turkey

Free Papers Session 4: Surgery I
Brown Syndrome Outcomes: Analysis of Cases over 40 years ................................ 151
S.A. Larson, L.K. McConnell, M.C. Weed, USA
“High-dosage” Anderson procedure for correction of nystagmus associated head-turn. ................................................................. 155
M. Gräf, B. Lorenz, Germany
Simple efficient surgery for complicate forms of overcorrection .............................. 159
V. Paris, Belgium

Free Papers Session 5: Varia I
Effect of photorefractive keratectomy on nystagmus and visual functions in myopic patients with infantile nystagmus syndrome .................................................. 165
A Bagheri, H Abbasi, M Tavakoli, A Baradaran-Rafii, S Yazdani, Iran
Gait analysis in congenital or early onset strabismus: pre- and post- surgery Evaluation .................................................. 171
A. Dickmann, D. Pantalone, E. Di Sipio, C. Tredici, A. Agresta, I. Aprile, Italy

Free Papers Session 6: Esotropia
Bulbar length and the result of the recession in esodeviation ................................. 177
Antonio Frattolillo, Costantino Schiavi, Italy
How progressive or stable is age-related distance esotropia? Does fusional divergence amplitude decrease over time? ........................................ 179
DHM Godts, LVL Deboutte, GDP Mathysen, Belgium
Consecutive Esotropia: clinical features, evolution and response to treatment. . . . 185
S.Gamio, A.Avila, A.Jara, Argentina
Refractive Errors in Infantile Esotropia (IET)-distribution and errors . . . . . . . . . . 187
DE Cioplean, RL Camburu, Romania
Free Papers Session 7: Surgery II
Anomalous Orbital Structure as a cause of Atypical Restrictive Strabismus . . . . . 193
A. Molinari (Ecuador), D. Plager(USA), P. Merino (Spain), M.M. Galan
(Argentina), M. Swaminathan, S. Rmasuramanian (India)
Surgical Management of Congenital Fibrosis of Extraocular Muscle (CFEOM) 197
Intraocular Pressure in abduction of Highly Myopic Strabismus
decreases after Yokoyama procedure. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 203
S Hayashi, M Sato, H Edamatsu, A Sugano, A Hikoya, H Suzuki, H Yamashita, Japan

Acquired esotropia with diplopia due to Arnold–Chiari I malformation: A case report
S Yilmaz, N Demir Duman, Turkey

Surgical outcome of congenital strabismus surgery in 2-4 years old children
A Bakunowicz-Lazarczyk, E Markowska, B Urban, Poland

Intensive Orthoptic Training in Recurrent/Syptomatic Exodeviation after Surgery
R. Delle Site, E. Racano, R. Federica, J.Frapporti, Italy

Exciclodeviation in children as the cause of suppresion
Antonio Frattolillo, Costantino Schiavi, Italy

Exotropia with Nystagmus
E.M. Eltoukhi, Egypt

Tendon-sclera-plasty is weakening reoperation after bilateral medial rectus muscle recession
I.L. Plisov, K. G. Puzyrevskiy, N. G. Antsiferova, Russia

Positive Vertical Forced Duction Test Secondary to Eyelid Speculum
S. Bansal, A. Ansons, A Ansons, UK

Postural changes after optical exercises in deficit convergence in esoforia
E. Annunziata, C. Elia, A. Perissinotto, Italy

Strabismus in adult patients with macular scars from early childhood
R. Lolova, D. Miloshova, Bulgaria

Effect of rigid gas permeable hard contact lenses on involuntary eye movements and visual function in hyperopic patients with infantile nystagmus syndrome
A Bagheri, H Abassi, M Tavakoli, A Baradab-rafi, S Yazdani, Iran

Clinical applications of the Digital Hess Screen Test
E Milan, A Binotto, V Albiero, F Fanton, S Vinciguerra, Italy

One muscle surgery may be enough for the treatment of exotropia
D Yuksel, K Baelemans, S Nelis, Belgium

The use of choline in association with Bangerter filter in anti-amblyopic therapy
L Sabetti, C Tresca, F Bianchi, A Giovannelli, Italy

Postural changes in patients squinty
Charcot-Marie-Tooth Disease and Bilateral Abducens Nerve Palsy
ED Aygit, B Gokyigit, S Akar, OB Ocak, A Inal, M Taskapth, Turkey

OMS – Ocular Motor Score a clinical method for evaluation and follow-up of ocular motor problems in children
M Olsson, K Tear Fahnehjelm, J Ygge, A Rydberg, Sweden

Graduation of subjective and objective parameters of the Bangerter filters
M. Dostálek, K. Fliegel, J. Hozman, R. Autrata, T. Lukeš, T, L. Dušek, M. Dostálková, Czech Republic

Rare cases of Duane Syndrome with limited abduction, exotropia in primary position and the face turn to the unaffected side
B. Kaczmarek, Poland

Familial Type 1 Duane Syndrome Surgical Correction - Case Report
J. C. Costa, S. Barge, R. Varandas, L. Agrelos, Portugal

Brown Syndrome: Our Surgical Outcomes
ED Aygit, B Gokyigit, S Akar, OB Ocak, A Inal, M Taskapth, Turkey

Transitory consecutive esotropia after Amitriptyline treatment for nocturnal enuresis
Case report
D.E Cioplean, Romania

Acute Sixth Nerve Palsy: Butolinum Toxin A (BTX-A) Injection Versus Observation: A Matched Randomized Clinical Trial
M. Eshaghi, A Bageri, S Sayanjali, Iran
The Management of Nystagmus in patients with Albinism. .......................... 353
A Anal, B Gokyigit, OB Ocak, ED Aygit, B Inal, B Basarir, GO Karabulut, Turkey
Botulinum toxin A in Infantile Esotropia. .................................................. 357
MJH Tjon-Fo-Sang, E de Jongh, D Goes, JT de Faber, The Netherlands
Recognizing pinhole effect in good eye: one of the important reasons for failing of
penalization treatment in preschool children. .............................................. 359
B. Gokyigit, ED Aygit, OB Ocak, A. Inal, S. Akar, Turkey
Intermittent Exotropia: Surgical Treatment and Long Term Follow-up .......... 361
R. Carelli, C. Plaitano, E. Chiariello Vecchio, A. Magli, Italy
Improvement of reading ability after strabismus surgery in low vision patients
with nystagmus and anomalous head posture ........................................... 365
G. C. Vasconcelos, L. C. Fernandes, Brazil
Intermittent Exotropia: 5 years of follow-up in non operated patients .......... 369
R. Carelli, C. Plaitano, E. Chiariello Vecchio, F.G. Gallo, Magli A, Italy
Clinical spectrum of high myopic strabismus in pediatric age .................... 373
OB Ocak, B Gokyigit, A Inal, ED Aygit, SY Ocak, I Yilmaz, Turkey
Clinical Spectrum and Management of 582 Cases of Duane Retraction Syndrome
(DRS) ............................................................................................................. 377
Nonrefractive Accommodative Esotropia In Adults ................................. 381
R. Nesirov, H. Atilla, Turkey
Ocular Motility in Gaucher Disease: case reports of 3 patients .................. 385
Surface Electromyography Parameters of the Extraocular Muscles in Healthy
Children ........................................................................................................ 389
I. Boichuk, V.M. Mazur
Vertical Rectus Transposition Without Disinsertion for the management of III
and VI nerve Palsy ....................................................................................... 393
R Gomez de Liano, L Perucho Gonzalez, A Acebal Montero, A Asorey Garcia, L.
Morales Fernández, Spain
Microsurgical Rectus Muscle Plication with the Fold-Under Technique ........ 397
A Roth (Switzerland), SD Gunnoo (France), M Bumbacher (Switzerland), B.
Rossillon (France)
Minutes of the ESA Business Meeting 2015 ............................................ 403
New ESA By-Laws amended and adopted at ESA Meeting Venice 2015 ....... 407
ESA Membership Roster 2015 ................................................................. 413

Transactions 38th European Strabismological Association. Budapest, Hungary
September 2016

Presidents Foreword 11
Preface by the Editor 13
Executive committee of ESA 2016 15
ESA Budapest Organisation Meeting 17
ESA Lectures 19

ESA Lecture 2016
Topical anesthesia in strabismus surgery 21
R Gomez de Liano, Spain

ISA Symposium: Current concepts in strabismus
Extraocular muscle compartmentalisation in strabismus 31
JL. Demer, USA
Adjustable sutures in children 37
DL. Guyton, USA

Symposium: Management of diplopia in inflammatory orbital disease
Effects of orbital decompression on eye alignment 43
OH. Haugen, S. Gulati, HO. Ueland, A. Danielsen, E. Rodah, Norwa

Symposium: Amblyopia
Binocular treatment of amblyopia: results of a PEDIG RCT 49
JM. Holmes, USA
Amblyopia treatment study 16: augmenting atropine treatment for amblyopia 53
MX. Repka on behalf of the Pediatric Eye Disease Investigator Group, USA

ESA Orthoptic Symposium
The role of the orthoptist in older patients binocular problems in age-related ocular pathology 59
D. Godts, Belgium

Early course: Quality of life
How to validate a questionnaire in a specific cultural context 65
GB. Marcon, R. Pittino, Italy
Refraction (glasses, contact lenses, refractive surgery), strabismus and QoL 69
C. Costet, France
Quality of life in childhood strabismus and amblyopia 73
JM. Holmes, USA

Free papers session 1: Amblyopia and screening
Amblyopia epidemiology in a pediatric population referred to a Portuguese tertiary care centre 79
V. Lages, J. Coelho, L. Malheiro, V. Miranda, R. Parreira, P. Meneres, Portugal
Amblyopia risk factors screening project implementation in Portugal 83
Biprism test in early pediatric ophthalmological screening 89
Cs. Serfozo, A. Soproni, Hungary
Free papers sessions 2: Intermittent exotropia and cyclovertical

The clinical course of intermittent exotropia
CG. Vladutiu, O. Teodosescu, RM. Ursu, Romania

Myopic shift during control of the deviation in intermittent esotropia: a study with the Plusoptix 12R photoscreener
C. Schiavi, F. Tassi, V Di Croce, Italy

Long-term follow-up surgical results in unilateral long-standing congenital superior oblique palsy
A. Ciubotaru, I. Iosub, M. Macau, AC. Hopinca, Romania

Cyclocheck – a new web-based software for the assessment of objective cyclodeviation
J. Simiera, A. Broniarczyk-Loba, P. Loba, Poland

Superior oblique trochlear injuries: clinical features and strabismus treatment
A. Armesto, MC. Ugrin, Argentina

Botulinum toxin of superior rectus muscle in superior oblique palsy with large vertical deviation
SB. Ozkan, F. Balica, Turkey

Harada-Ito without muscle splitting – ‘Stavis Cinch’
MI. Stavis, USA

Free papers session 3: Stereo and binocular function

Cyclofusion and target orientation
H. Davis, A. Donnachie, D. Buckley, UK

Long term outcome of high versus very high hypermetropic children
S. Ziylan, Z. Parlakgunes, B. Sahan, Turkey

Acute acquired comitant esotropia – classification and factors influencing regain of stereopsis after surgery
B. Hesgaard, I. Holst, M. LaCour, T. Vinding, Denmark

Stereoacuity in pediatric blowout fractures in the Copenhagen region in a 16-year period with 5 years follow-up
JP. Saunte, T. Torp-Pedersen, L. Wolsing, Denmark

Free papers session 4: Neurological

Strabismus indicates severity of motor impairment in cerebral palsy (CP)
Z. Chaudhuri, M. Nagpal, RK. Jain, India

The challenges of diagnosing myasthenia in nero-ophthalmology
E. Drimlizias, J. Hoole, I. Simmons, UK

Dorsal midbrain syndrome in nuclear third nerve palsy
AC. Spielmann, N. Gravier, France

Free papers session 5: Surgery I

Short tag nose adjustable sutures – in adults and children – how many need adjustment – and when?
CS. Lonkvist, T. Torp-Pedersen, JP. Saunte, Denmark

Do adjustable sutures improve surgical outcomes for adult patients with intermittent exotropia?
N. Raoof, J. Sloper, UK

The success rates of adjustable suture surgery in horizontal strabismus
S. Ziylan, B. Gokce, Z. Parlakgunes, Turkey

Lateral splitting and transposition in complete oculomotor palsy
S. Ziylan, B. Gokce, Z. Parlakgunes, Turkey
M. Goberville, M. Leite, N. Guepratte, V. Krivosic, France
Long term results of Y split lateral rectus transposition to the medial rectus area in complete third nerve palsy
B. Gokyigit, S. Akar, ED. Aygit, A. Inal, OB. Ocak, Turkey

Free papers session 6: Surgery II
High-dose Anderson procedure for nystagmus-related head-turn: decreasing long-term effect?
M. Graf, B. Lorenz, Germany
Success modification of Sinskey operation for the treatment of nystagmus patients
B. Gokyigit, OB. Ocak, A. Inal, ED. Aygit, B. Basarir, Turkey
Post-surgical recurrences of strabismus in sagging-eye syndrome
Z. Chaudhuri, India, J. Demer, USA

Free papers session 7: Varia I
Changes in corneal topography and refractive error after various extraocular muscles surgery
S. Akar, B. Gokyigit, ED. Aygit, EY. Pinarci, SA. Bayar, S. Oto, Turkey
May magnetic resonance imaging of the orbit play a role in recurrent strabismus?
GB. Marcon, R. Pittino, N. Martini, Italy

Free papers session 8: Varia II
Pedigree analysis of concomitant horizontal strabismus in North India
Z. Chaudhuri, J. John, S. Aneja, BK. Thelma, India
Profile and distribution of strabismus in craniostenosis
Z. Chaudhuri, AK. Puncholotho, U. Garga, A. Sharma, India
Strabismus incidence in a Danish population-based cohort
T. Torp-Pedersen, HA. Boyd, L. Skotte, B. Haargaard, J. Wohlfahrt, M. Melbye, Denmark, JM. Holmes, USA

John Lee (Rapid Fire) Poster Presentations
Oculomotor findings in Joubert syndrome
N. Gravier, V. Aubert-Breugnaut, France
Statistical analysis of Lang I stereotest for the diagnosis of microesotropia in children
AC. Piantanida, M. Spera, R. Nobili, G. Gerosa, Italy
Pediatric strabismus primary care referral efficacy, epidemiology and prognosis in a Portuguese tertiary referral center
J. Coelho, V. Lages, I. Carneiro, V. Miranda, R. Parreira, P. Meneres, Portugal

POSTERS
Endothelial cell density following extraocular muscle surgery
S. Akar, B. Gokyigit, E. Kirandi, SA. Bayar, S. Oto, Turkey
Monocular elevation deficiency (double elevator palsy) case presentation and new ideas in management
I. Mohamed, EM. Eltoukhi, Egypt
Comparative study between synoptophore and videooculograph gazelab
D. Fernandez-Agrafojo, H. Morales Ruiz, M. Enrile, M. Soler Vall, Spain
Reverse Yokoyama procedure for high myopic exodeviation
B. Gokyigit, A. Inal, ED. Aygit, OB. Ocak, S. Akar, Turkey
Visual acuity assessment in children with three different charts 263

A. Inal, OB. Ocak, B. Gokyigit, ED. Aygit, SY. Ocak, B. Inal, Turkey
Myasthenia gravis at childhood: two cases 267

A. Inal, OB. Ocak, B. Gokyigit, ED. Aygit, IB. Pasaoglu, K. Fazil, Turkey
The case of successful surgical treatment of atypical form of vertical strabismus 271

IM. Kuzhda, VI. Serdiuchenko, YM. Kaminskyy, OM. Pityk, Ukraine
Vertical squint as initial manifestation of fibrous dysplasia 275

E. Maka, M. Gaami, G. Rudas, S. Czirjak, Z. Zs. Nagy, Hungary
Effects of squint surgeries on the blood-ocular barrier 279

Epidemiology of infantile nystagmus syndrome (INS) 283

OB. Ocak, A. Inal, B. Gokyigit, ED. Aygit, T. Yilmaz, C. Ozturker, Turkey
Bimedial rectus recession surgery with Down syndrome patients 287

OB. Ocak, A. Inal, B. Gokyigit, ED. Aygit, F. Ozcelik, B. Satana, Turkey
Lea gratings; differences between observers when carrying out evaluation of the visual acuity in children under 30 months 291

OB. Ocak, A. Inal, B. Gokyigit, ED. Aygit, GO. Karabulut, B. Basarir, Turkey
Exophoria/exotropia in adults with diplopia after refractive surgery: do we always need to manage it with muscles surgery? 295

AC. Piantanida, M. Spera, R. Nobili, G. Gerosa, Italy
Induced hypertrophy of extraocular muscles after the administration of synthetic peptides into them 299

IL. Plisov, VV. Atamanov, MA. Chernyavskaya, IA. Toporkov, DR. Mamulat, NG. Antsiferova, Russian Federation
Heavy eye syndrome: our experience of surgical treatment 303

KG. Puzyrevskiy, IL. Plisov, NG. Antsiferova, DR. Mamulat, Russian Federation
Revital vision treatment in patients affected by nystagmus 307

L. Sabetti, F. Bianchi, F. Masedu, Italy
Atypical presentation of chronic progressive external ophthalmoplegia 311

The influence of anti-VEGF treatment on binocular vision in patients with ARMD 315

M. Uzdrowska, E. Bilinska, A. Bronirczyk-Loba, Poland
Minutes of ESA Business meeting, Saturday October 1st 2016, Hotel Hungaria, Budapest, Hungary 321

ESA Membership roster 2016 329

Author index 347
Transactions 39th European Strabismological Association. Porto, Portugal September 2017

Transactions 40th European Strabismological Association. Helsinki, Finland
June, 2019

ESA Lecture 2019
After thirty years of strabismus surgery: my favourite squint
O Haugen

Retinal conditions causing nystagmus
E Larsson

Severe complications in strabismus surgery
RH Taylor, J Bradbury

Anterior segment ischaemia
J Sloper

Slipped and lost muscles
DE Cioplean

Avoiding errors in strabismus surgery
HB Hesgaard

Orbital trauma: predictors of persistent strabismus and treatment outcomes
SA Larson

Glaucoma surgery relates restrictive strabismus
FH Orge

To adjust or not to adjust?
DA Thouvenin

Minimally invasive strabismus surgery: to use or not to use
S Jain

Torsion: to ignore or to address?
JM Holmes

A case I have learned from
A Molinari

A case I have learned from: management of 4th nerve palsy
E Bui Quoc

A severe case of accommodation spasm
PJ Toivonen

Thyroid Eye Disease (TED)
D Thouvenin

Five cases of unusual nystagmus
AC Spielmann

Comparison of Anderson and Kestenbaum procedures for nystagmus-related head-turn
M Graf, D Kowanz, A Hausman, B Lorenz

Aberrant regeneration in 3rd nerve palsy
A Galan, N Rosello

The use of donor sclera in the strabismus surgery for Grave’s orbitopathy
L Vanhatalo, L Lindberg, A Majander

Botulinum toxin injection in thyroid eye disease
K Falzon, R Taylor

Inferior oblique recession with 5mm loop to correct vertical deviation and upshot in adduction
DJM Godts, S Prinsen, I De Veuster

Superior oblique sharpening in Brown syndrome title
N Rosello, A Galan

Surgical approach of larger DVD in the fixating eye
S Gamio, A Avilo

International perspectives on the cost effectiveness of photoscreening
AM Horwood
Amblyopia screening and treatment in the Pirkanmaa region 177-182
A-P Ylilehtta, MJ Liinamaa
Early screening: ametropia first 183-188
V Paris
Statistical evaluation in pediatric patients of the new Lang Stereopad test; a preliminarily report 189-196
AC Piantanida, M Spera, R Nobili, G Gerosa, M Tranquillini
How to deal with scleral thinning in consecutive exotropia? 197-200
A Ciubotaru, I Iosub, A Ciubotaru
Population trends in adult strabismus surgery in Ontario 201-206
SP Kraft, A Szigiata, M Caldwell, Y Buys, K Mireskandari
A novel suture: adjustable superior oblique spacer with optional 7 days delayed adjustment for treatment of tight superior oblique tendon incomitant strabismus 207-212
JP Saunte, C Lonkvist, TE Torp-Pedersen
The effect of Yokoyama’s surgery with or without MR recession in high myopic strabismus fixus patients 213-216
S Celik, B Gokyigit
Treatment of large angle strabismus suing Bupivacaine (BP) ad botulinum type A toxin (BT) 217-220
T Cunha Namgalies, AB Scott, JM Miller
Efficacy of botulinum toxin A treatment in acute onset comitant esotropia in children 221-226
CS Loenkvist, T Torp-Pedersen, JP Saunte
Convergence excess esotropia (CEET) non-surgical and surgical effective treatment 227-230
DE Cioplean, RL Nitescu
Role of esotonus in the pathogenesis of concomitant convergent and divergent infantile strabismus 231-238
C Schiavi, C Fariselli, G Calzolari
Bilateral combined resection-recession of the same rectus muscle versus fadenoperation for treatment of purely tonic esotropias 239-244
F Fremont, D Thouvenin
Management of simultaneous ocular elevation and depression deficit in patients after orbital floor fracture 245-250
P Loba, AJ Ordon
Clinical patterns of eye-lid synkinesis 251-256
AC Spielmann
Simply tendon disinsertion is enough for treatment for Brown’s syndrome: a comparative study with multi techniques 257-262
B Gokyigit, A Inal, OB Oacak, ED Aygit, S Celik, Z Huseyinhan, C Gurez
Could distance esotropia be inherited? 263-268
GB Marcon, R Pittino, M Nicoletta
Intermittent exotropia: overminus correction, stereopsis, surgical indications and results 269-274
S Ziylan, ZP Altunsoy, A Kayiran, M Altunsoy
Inferior oblique overaction in trochlear nerve palsy: anterior transposition versus myectomy 275-284
K Jafari, N Gibbings, S jain
Long term results of split latera; rectus nasal transposition in complete third nerve palsy: comparison of original and simplified techniques in 32 patients 285-290
B Gokyigit, OB Oacak, ED Aygit, A Inal, C Gurez, S Celik, Z Huseyinhan
Synergistic divergence or type IV Duane syndrome; a report of two cases 291-292
DT Nguyen, M Robert, MA Espinasse-Berrod
Effect of anterior and nasal transposition of the inferior oblique muscle in fourth nerve palsy
TE Torp-Pedersen, CS Longvist, JP Saunte

Posters
Lower medial resection in convergence insufficiency
L Sabetti, M Stavis
Type 1 diabetes and near accommodation
F Yulek, S Yuzbasioğlu, N Ugurlu, O Topaloglu, D Ozdemir, R Ersoy, B Cakır
Comparison of Powerref 3 and push up method for accommodation
F Yulek, S Yuzbasioğlu
Metabolic changes in LGN in amblyopia
S Oner, O Unal, F Yulek
CHARGE syndrome – amblyopia and coloboma; a case report
IM Pocas, PM Lino
Citicoline for the treatment of adult amblyopia; case report
A Inal, OB Ocak, ED Aygit, S Celik, C Gurez, Z Huseyinhan, B Gokyigit
Use of Tetris video game for the treatment of amblyopia
L Sabetti, M Ciancaglini, F Guetti, L Laglia
Prevalence of amblyopia after photoscreening
R Laiginhas, CC Ferreira, R Leitao, R Geraldes, J Chibante, M Monteiro, C Matos
Comparing crossed disparity and uncrossed disparity on both a real-depth test and a random dot test at distance
M Abbas, H Davis
Comparative study of ocular motility between Gazelab video-oculography and the Hess-Lancaster test
D Fdez-Agrafojo, A Trueba Lawand, H Morales, M Soler, MA Guerrero

OB Ocak, A Inal, ED Aygit, S Celik, C Gurez, Z Huseyinhan, S Yurttasar Ocak, B Gokyigit

A comparative study: sutures versus cautery for conjunctival wound closure in fornix based strabismus surgery
D Gousia, V Geh

Strabismus surgery on a patient with cutis laxa; a case report
S Lahdeoja, L Lindberg

It is possible to large recession for inferior rectus without lower lid retraction in thyroid ophthalmopathy? Yes
A Inal, GO Karabulut, OB Ocak, B Gokyigit

Superior oblique multiple 3mm anterior tenotomise to correct intorsion
M Stavis

Real torsion: estimating torsion in degrees from the non-torted macula with an indirect ophthalmoscope
M Stavis

Benefits of strabismus surgery in patients with sagging eye syndrome, using the Danish version of adult strabismus questionnaire AS-20
A Bjorkroth, BH Iversen, T Christensen, C Longvist, TT Pedersen, JP Saunte

Comparison of the refraction measurements under general anesthesia with cycloplegic refraction measurements in the pediatric age group
OB Ocak, A Inal, ED Aygit, S Celik, C Gurez, Z Huseyinhan, SY Ocak, B Gokyigit

Refraction and ocular alignment in laser treated and non-treated preterm infants at 1 year of age; preliminary reports
A Pelit, MS Dervisogullari, N Sahinoglu-Keskek

Hyperopia in pre-school children – long term refractive outcomes
R Laiginhas, L Figueiredo, R Geraldes, J Chibante, C Ferreira

Outcome of the primary health care ophthalmological screening for children aged 18 months old or younger
LW Andersson

Gaze palsy in progressive supranuclear palsy; case report
A Pelit

Three cases of superior oblique and levator palpebrae superioris synkinesis
C Casafina, J Khistria, N Ali

Oculomotor impairment in Hermansky Pudlak syndrome – report of five cases
PM Baptista, L Malheiro, S Maia, V Miranda, R Parreira, P Meneres

Minutes of ESA Business meeting 2019
ESA membership roster 2019
The social importance of amblyopia. The possibilities of early detection
Franceschetti A, Franceschetti AT, Hudson-Shaw S.

Differential diagnosis of the different syndromes of functional amblyopia
Thomas CH.

Methods and results in examination of fixation in amblyopia
Avetisov ES.

On amblyopia – its definition and the results of the treatment
Yamashita T.

The aetiology of strabismic amblyopia in relation to the problem of its therapy
Castanera A.

Physiopathology of amblyopia as basis of its treatment
Arruga A.

Classification of amblyopia
Von Noorden GK.

Comparison of the results of static and kinetic perimetry in the central region of the
visual field of the amblyopic eye
Francois J, Verriest G, Verluyten P.

White and colour visual fields and scotometry – possible difference between amblyopias of different etiology
Sato O.

Importance of additional factors for indication or prognosis of amblyopia treatment
Gortz H.

The significance of nystagmoid movement in amblyopia
Gillies WE.

Problems of organic lesions in functional amblyopia
Sachsenweger R.

Prophylaxis and therapy of amblyopia
Bangerter A.

Round table: session 1

Treatment of amblyopia with and without foveal fixation
Ayberk N.

Persistent amblyopia
Fletcher MC.

Surgery for eccentric fixation displacement
Sevirin G, de Corte H.

Results of treatment of concomitant squint amblyopia with eccentric fixation by squint operation and occlusion of the fixing eye
Mortada A.

Examples of binocular therapy in cases of early amblyopia
Lyle TK.

An evaluation of successes and failures (indications and contraindications) or orthoptics and pleoptics
Awasthi S.

Round table: session 2

Report of working group III (International Strabismus Society)
Lyle TK.

The aetiology of motor disturbance of squint
Wybar K.

Sensori-motor examination of the infant
Costenbader FD.

Analysis of the motor situation in strabismus
Adelstein F, Cuppers C.
Alteration of the angle of anomaly dependent on the direction of gaze 149
Aust W, Detterming W.
The utility of orthoptics in the diagnosis and the treatment of strabismus 158
Vancea P, Ratiu E.
Diagnostic errors in the evaluation of retinal correspondence by various tests in squints 163
Bagolini B.
Dissociated vertical anomalies 175
Brown NW.
Contribution to the sensory and motor status of strabismus and to the choice of proper 180
conservative and surgical measures
Raab-Sternberg A.
An evaluation of objective methods in the measurements of strabismus on the operating 186
table versus pre-operative objectives and subjective methods
Schillinger R.
An evaluation and comparison of the Hess chart, Lees screen and Lancaster red-green 189
tests in paretic strabismus
Pratt-Johnson JA.
Sources of errors by exclusive use of the Hess screen 196
Schmidt-Hofmann-Friemel E.
Use of prisms in the diagnosis of retinal correspondence and of the eye-hand relation 204
Arentsen J.
Round table: session 3 209
Evaluation in small angle strabismus or microtropia 219
Lang J.
An evaluation of the significance of the refractive state both pre and post operatively 223
Romaine H.
The examination of retinal correspondence by the method of projected after-images 227
Wilczek M.
Visual acuity under low luminosity (dynamic visual acuity) in strabismic amblyopia 230
Verin PH, Rougier-Houssin J, Le Rebeller MJ, Pincon F.
Flash Haploscope 237
Siebeck R.
Examination of binocular vision in polarised light 240
Pigassou R.
Phase difference haploscopy for investigation of strabismus 245
Aulhorn E, Kreuzer W.
Synoptophore in space compared with other methods 252
Breitenmoser R.
Stereoaucity as an indicator of bifixation 258
Parks MM.
Round table: session 4 261
Report on the deliberations of working group 1 (Terminology, standardisation of the 267
language of communication)
Linksz A.
Some considerations on the pathophysiology of anomalous correspondence in relation to 284
its treatment
Pasino L, Maraini G.
The treatment of strabismus in Sweden 289
Aurell G.
Suppression and inhibition in therapy 294

Candidate Genes for Strabismus Susceptibility Chromosomal Loci 225
T. Matsuo
Unmasking Bilateral Inferior Rectus Restriction Using Degree of
Cyclotropia 230
K. Arnoldi, J.D. Reynolds

Section 3: “Magnetic Resonance Imaging”
Magnetic Resonance Imaging Demonstrates Novel Compartmental
Mechanisms of Vertical Fusional Vergence 235
J.L. Demer, R.A. Clark
Magnetic Resonance Imaging Findings in Infantile Esotropia with and without
Consecutive Exotropia 240
F. Çalış, H. Atilla, P. Bingöl Kızıltunç, C. Alay
Exotropia and Unilateral High Myopia in Adults. Look at the Sound Eye?
A 26 Cases Study. 245
D. Thouvenin, L. Lequeux, O. Norbert
Section 4: “Strabismus Treatment”
Influence of Strabismus Surgery on General Health-Related Quality of Life in Children and Their Parents
Y. Sato, T. Hiraoka, T. Oshika
Electrical Stimulation of Nerves to the Levator and Oculorotary Muscles
A.B. Scott, J.M. Miller, K.K. Danh
Role of Botulinum Toxin A in Treatment of Intractable Diplopia
S.B. Özkan, I.A. Ünsal

Section 5: “Surgical Technique”
Surgery without an Assistant: Tricks and Tips
A.C. Spielmann
Graded Vertical Rectus Tenotomy in Small Angle Hypertropia
Z. Chaudhuri, J.L. Demer
I. Aznauryan, V. Balasanyan, E. Aznauryan
The Clinical Experience from Using Donor Sclera for Tendon Lengthening in 324 Cases of Strabismus Surgery from 1993 to 2014
J. Blohmé, R.L. Thorisdottir, L. Gränse, G. Stigmar
Vertical Rectus Muscle Transposition with Resections for Complete Unilateral Sixth Nerve (Abducens) Palsy
S.P. Kraft, M. del P. González-Diaz

Section 6: “Strabismus Surgery”
Primary Treatment of Infantile Esotropia with Medial Recti Recession Combined with Faden Operation: Low Incidence of DVD Decompensation
A.L. Armesto, M.C. Ugrin, E. Travelletti, B.A. Schlaen
The Marginal Myotomy of the Inferior Oblique Muscle at the N. Trochlearis Paresis
I.L. Plisov, K.G. Puzyrevskii, N.G. Antsiferova
Surgical Results of Superior Oblique Tendon Tuck Combined with Inferior Oblique Muscle Weakening for Congenital or Idiopathic Superior Oblique Palsy
M. Saeki, A. Hikoya, M. Sawada, Y. Harada, Y. Hotta, M. Sato
Combined Rectus Muscle Transposition with Posterior Fixation Sutures for the Surgical Treatment of Double Elevator Palsy (The Augmented Knapp Procedure)
Characteristics and Surgical Outcome of Consecutive Exotropia with Different Etiologies
M. Sawada, A. Hikoya, T. Negishi, Y. Hotta, M. Sato
Prospective Evaluation of Dose-Effect Relationship of Medial Rectus Advancement in Consecutive Exotropia
G.B. Marcon, R. Pittino

7 POSTERS
Poster Section 1: “Amblyopia”
The Pattern of Improvement in Visual Acuity During Amblyopia Therapy
M. Shioya, N. Ogino
Dependence of Visual Fixation Stability on Retinal Light Sensitivity in Patients with Amblyopia of Various Degrees
M. Kashchenko, E. Antonova, M. Magaramova, G. Kachalina, E. Pedanova

Congenital Nasolacrimal Duct Obstruction as a Risk Factor for Anisometropia
G. Stanković-Babić, M. Vujanović, S. Cekić

The Effect of Rolipram on Adult Visual Cortical Plasticity in an Experimental form Monocular Deprivation Amblyopia Model in Rats

Amblyopia and Unilateral Congenital Glaucoma
C. Berrozpe-Villabona, L. Morales-Fernández, R. Gómez de Liaño-Sánchez, J García-Feijoo

Poster Section 2: “Binocularity”
Flaw of Time-Separation Dichoptic Presentation – Simulated Pulfrich Pendulum As An Example
A. H. Wang

Influence of Test Distance on Stereoaucuity in Intermittent Exotropia
Y. Seki, A. Wakayama, R. Takahashi, I. Umebara, F. Tanabe, K. Abe, Y. Shimomura

Evaluation of the Accommodation Response While Viewing Stereoscopic Images By Binocular Wavefront Sensor
H. Kanda, H. Nagatani, T. Fujikado

Recovery of Binocular Vision by Dissociation of Accommodation and Convergence Using Laser Speckles
A. Bazarbaeva, T. Kashchenko, T. Kornyushina, M. Magaramova, R. Katsanashvili

Testing the Feasibility of A New Visual Acuity Test for Infants Using An Eye Tracking System.
A. Ohno-Tanaka, E. Noda

Poster Section 3: “Examination Methods”
Evaluation of Refraction in Children with Hyperopia Using the PlusoptiX A09 Device
T.A. Korniushina, Magaramova, A.K. Abdulsadykova

Efficacy of the Infrared Photograph with a Selective Wavelength Filter for Detecting Esotropia in Young Children
Y.J. Yoo, H.K. Yang, J-M. Seo, K.G. Kim, J-M. Hwang

Monitoring the Velocity of Saccades by Using an Eye Tracking Device
M. Mihara, K. Kakeue, K. Fujita, R. Tamura, A. Hayashi

The Analysis of Gaze Position in Reading by Using High Speed Video Oculography
M. Hirota, H. Kanda, S. Miyagawa, T. Endo, T.K. Lohmann, T. Morimoto, T. Fujikado

A New Gene for Congenital Fibrosis of the Extraocular Muscles (CFEOM) - Time for a New Classification?
M.P. Flaherty, R.V. Jamieson

Relationship Between the Trochlear Nerve Diameter and Superior Oblique Muscle Volume
D.S. Lee, H.K. Yang, J.H. Kim, J.M. Hwang
Magnetic Resonance Imaging Demonstrates in Axial High Myopia with Esotropia: Normal Extraocular Muscle Lengths, but Adduction Tethering by the Optic Nerve
J.L. Demer

High-Resolution Orbital MRI Reveals No Change in Lateral Rectus Pulley Position After Longitudinal Lateral Rectus Split with Nasal Transposition in Bilateral Oculomotor and Trochlear Nerve Palsy
Z. Chaudhuri, J.L. Demer

Poster Section 4: “Neuro-Ophthalmology”

Does My Patient Really have “Congenital” Nystagmus?
G. Holmström, M.L. Bondeson, U. Eriksson, H. Åkerblom, E. Larsson

Strabismus in West Syndrome
Z. Chaudhuri, S. Madan, R. Jain

How Brain Pathology may Cause Infantile Strabismus
M.P.M. ten Tusscher

Ophthalmological Features of 43 Patients After Functional Hemispherectomy
F. Audren, C. Bulteau, M. Fohlen, G. Dorfmüller, O. Delalande

“Pain and Double Vision” A Description and Discussion of the Clinical Features of Some Recent Cases Presenting with Painful Ophthalmpoplegia
C. Loong, R. Scheimann, H. Armstrong, F. Bremner

Convergence and Accommodation Development Relate to Corrected Age in Premature Infants
A.M. Horwood, S.S. Toor, P.M. Riddell

Isolated Third Nerve Palsy Following Coronary Angiography
S. Akar, B. Gökyiğit, E.D. Aygıt, S.A. Bayar, S. Oto, Ö.F. Yılmaz

Diplopia and Ptosis Experienced Whilst on Royal Duty!
H. Armstrong, C. Loong, F. Bremner

When Less is More
C.H.Y. Lai, J.C.C. Yeung

A Case of Craniopharyngioma Presenting with Monocular Vertical Nystagmus.
A.M. Mackay

A Case of Ophthalmoplegic Migraine at 38 Years After Onset
Y. Shimizu, H. Tabuchi, S. Asayama, O. Mimura

Ophthalmic Artery Aneurysm Presenting as Ipsilateral Trochlear Nerve Paresis
T.H. Tsai, H.C. Lin

Transitory Consecutive Esotropia After Amitriptyline Treatment for Nocturnal Enuresis-Case Report
D.E. Cioplean

Clinical Features of Oculomotor Disorders and Nystagmus Among Children Presenting Congenital Glaucoma
D. Denis, A. Aziz, L. Sauvan, O. Fakhoury, E. Pieri, F. Matonti

Epibulbar Osseous Choristoma Found During Strabismus Surgery
M. Saeki, A. Hikoya, M. Sawada, Y. Harada, Y. Hotta, M. Sato

Poster Section 5: “Strabismus Surveys”

Clinical Spectrum and Management of 298 Cases with Brown Syndrome at Tertiary Eye Care Center
Horizontal Strabismus - Outcome of 596 Cases in IIEI&H, Dhaka, Bangladesh.

Survey of Strabismus Surgeries in Japan

S. Nishina, A. Miki, A. Wakayama, T. Yagasaki, T. Fujikado
Clinical Spectrum and Management of 582 Cases of Duane Retraction Syndrome

Poster Section 6: “Cyclovertical Deviations”
A New Comprehensive Approach for Management of Congenital Monocular Elevation Deficiency Leading to Acceptable Outcome – A Report of Two Cases

C. Chakraborty
Long-Term Postoperative Course of Vertical Strabismus in Children

Y. Hatsuikawa, T. Fujino, H. Ineyama, M. Ishizaka
The Bilateral Inferior Oblique Muscle Anterior Transposition and its Efficiency in Obtaining the Vertical Alignment of Esotropia Accompanied by Bilateral Dissociated Vertical Deviation and Bilateral Inferior Oblique Over Action

D.E. Cioplean
A New Approach to Inferior Oblique Over Action (IOOA) without Cyclotorsion.

Absence of Superior Oblique Tendon in Congenital Superior Oblique Palsy: What Kind of Surgery?

N. Gravier
Effects of Bilateral Inferior Oblique Myectomy in V-Pattern Exotropia with Oblique Dysfunction

Y.O. Yokoyama, T. Yagasaki, M. Maeda, M. Tsukui

H T Forrer
Management Of Intermittent Exotropia
J T Flynn, S Mckenney, M Rosenhouse
Results In Intermittent exotropia
G Velez
The Management Of Intermittent Exotropia: A Comparison Of The Results Of Surgical And Non-Surgical Treatment
1979 Transactions of Fourth International Orthoptic Congress, Berne, Switzerland

Opening Addresses
R Esser, H Bratschi, AS Van Paasen

Burian Memorial Lecture: Points Of View About Sensorial Adaption In Strabismus
NM Capobinco

The Blockage Syndrome: An Electroculographic Study
F Moro, S Tomarchio, F Castorina Mangano

Torticollis And Congenital Nystagmus: Clinical Classification And Regrouping
A Speilamn

Dissociated Vertical Divergence And Its Association With Nystagmus
J Mein, F Johnson

Nystagmus And The Strabismus Patient
RD Reinecke, N Coleman-Barrows

The Efficacy Of Inferior Oblique Myectomy Operations
B Harcourt, S Almond, H Freedman

Surgical Management Of Vertical Deviations With Particular Reference To IV Nerve Paresis
FA Billson, S Brown

More Or Less Oblique Recession Of Horizontal Muscles
M Balon, G Prigent, M Eoffet, P Lavat

Study Of The Cyclovertical Results Of The Superior Oblique Scleral Shifting
M D’Esposito, A Daniele

Surgical Procedures In A And V Pattern Strabismus
C Calcutt, B Mathalone, JW Walker, K Wybar

Mobius Syndrome: Multidisciplinary Diagnosis And Surgical Treatment Of Disturbances
K Krzystkowa, B Sieradzka, Z Berenda

An Alternative To Strabismus Surgery
AB Scott

Form Vision Deprivation In Man And How To Prevent It
J Sugita, T Itoh

A New Test For The Diagnosis Of Amblyopia
KH Hagemans And A Th M Van Balen

Hysterical Amblyopia in children
E Ohmi, J Kobayashi, T Tsuboi, H Mitsuya, O Mimura, K Kani

Psychogenic Amblyopia
GA Van Veen, A Th M Van Balen

Functional Amblyopia In Children Of Less Than 1 Year Old: Diagnosis And Treatment
A Roth, Y Lobstein-Henry, M Tondre, E Gaddelle Barbier

Amblyopia In Congenital Glaucoma
CM Clothier, NSC Rice, P Dobinson, E Wakefield

Medical Therapy For Amblyopia After Failure Of Conventional Therapy
H Maclean

A Clinical Assessment Of New Alternative Methods Of Treatment Of Amblyopia
RV Banks, F Barnett

Changes In The Visually Evoked Response During And After Occlusion Therapy
WM Barnard, GB Arden

Continuous Wear Soft Contact Lenses In The Treatment Of Strabismic Amblyopia
YA Fahmy, M Nyholm, K Norskov

Modalities Of The Treatment Of Amblyopia According To The Age And Degree Of Amblyopia
N Jeanrot, F Jeanrot, G Delfour
178 H Muhlendyck
Acute Divergent Comitant Idiopathic Strabismus
R Neuschuler, G Cristini
Surgical Therapy For Convergence Insufficiency
JS Hermann
Factors Influencing The Surgical Results Of Divergent Strabismus
FJ Martin, S Brown, J Pardey, A Stephens, S Tait, F Merrick, A Watts
Intermittent Exotropia
D Wieser, R Esser
The Evaluation Of The Bielschowsky’s Head Tilting Test
HM Goodier
Exploring The Spatial And Temporal Parameters Of Stereopsis
DB Dunlop, RA Neill, P Dunlop
Contrast Thresholds In Anisometropia
IC J Wood, MG Stephenson
Clinical Tests Of Stereoaucity: Do They Measure The Same Thing?
JP Frisby, P Neilson, J Porter
Additional Tests On The Phase Difference Haploscope
W De Decker, J Baenge
Aniseikonia And Binocular Function In Unilateral Aphakes Wearing Contact Lenses
M Guillon, PJ Warland
Re-Evaluation Of Orthoptic Treatment
E Schulz, W Hasse
The Critical Age?
AV Maclellan, C Wortham, C Jancey
Earley Orthoptic Treatment Of Strabismus Between The Age Of
4 Months And 4 Years
F Pincon, J Badoche
Normosensorial Late Convergent Squint
J Lang
Management Of Variable Angle Esotropia
PV Bernard, N Mouilloc-Gambareli, R Reydy
Management Of Consecutive Esotropia
E Meyer, GK Von Noorden, C Waters Avilla
Levels Of Stereoaucity Achieved With Binkhorst Lens Implantation For
Unilateral Aphakia
MG Stephenson, AEA Ridgway
Patterns Of Heterotropia In Aphakia
SM Wolf, L Werner, DA Boyce
Viewpoint On The Use Of Prisms
M Bourron, T Clayette, C Bongard
Recent Advances In Thyroid Disease And Management Of Its Ocular Complications
AL Crombie
Complications In The Surgical Treatments Of Dysthyroid Eye Disease
P Fells, NF Lawton, E Waddell
Fresnel Prism Therapy In Endocrine Ophthalmopathy
E Ross-Dommasch
Ophthalmoplegia In Thyroid Disease: The Role Of Steroid Therapy
PA Mcfaul
Diagnosis And Follow-Up Study In Ocular Muscle Trauma
H Thaller-Antlanger
Prismatic Therapy In Orbital Fractures
M Woillez, M-J Besnard, M Louly
Orbital Connective Tissue: Its Role In Motility Disturbances After Orbital Fracture
